

Agricultural and Extension Education Master of Science Degree Program Requirements

Leadership Option

The **Master of Science Leadership option** is designed also to offer a broad base of advanced professional development and career enhancement. Emphasis is on preparing individuals for the delivery of programs in their respective areas of professional interest.

Program Requirements

AIS 8803 Applying Research Methods **OR** AIS 8703 Evaluation of AISE Programs
AIS 8403 Directing Learning Experiences
AIS 8503 Program Planning and Development
AIS 8523 Teaching Out-of-School Groups
AIS 8263 Public Relations **OR** AIS 8203 Advanced Communication

A thesis is not required. The minimum requirement is 30 semester hours of graduate courses with at least half the total number of hours in Agricultural Information Science.

Degree completion also requires a minimum of 12 semester hours of graduate courses in a minor subject area outside of AISE. Emphasis shall be on developing subject competence. These courses may be in areas needed for credentialing and advancement. A faculty member from the minor area should also be a member of the student's graduate committee.
