PURPOSE

This report is intended to comply with the requirements of the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act and the Higher Education Opportunity Act. The report includes: (1) crime statistics for the previous three years for those crimes identified by the Clery Act that occurred on campus; in or on off-campus buildings or property owned or controlled by MSU; and on public property within, or immediately adjacent to and accessible from, the campus; (2) information regarding MSU’s policies related to campus security, including drug and alcohol use, crime prevention, reporting crimes, sexual assault, emergency procedures, fire safety and prevention, and other matters; and (3) statistics for the previous three years for fires that have occurred in on-campus housing facilities.

We encourage you to review this information and seek additional information if you have questions or concerns. If you have questions, or would like to receive additional copies of this report or need a paper copy of the report, please contact the Office of the Dean of Students,

Allen Hall Room 608, 662-325-3611,
or by mail at P.O. Box DS, Mississippi State, MS 39762.

A MESSAGE FROM THE CHIEF

The Mississippi State University Police Department (MSUPD) is dedicated to providing the highest quality law enforcement and crime prevention services to our campus community. Our department is empowered as a law enforcement agency by virtue of Section 37-101-15 (c) of the Mississippi Code of 1972 Annotated. Officers are vested with the authority of a constable, including the power to make arrests and carry firearms. Our sworn and academy-trained officers and our support staff work as partners with many university departments, offices, and student and civic organizations in promoting a safe and secure campus. The police department understands the overall academic mission of the university and strives to play a vital role in enhancing that mission through crime prevention, education, inspection, and enforcement. Although the campus consistently has a low crime rate, this is not possible without all members of the campus community working in partnership and exercising their shared responsibility for safety and security. Our department shares your concern for your safety and welfare, and we are ready to serve you 24 hours a day throughout the year.

Vance Rice
Chief of Police
MISSISSIPPI STATE UNIVERSITY
POLICE DEPARTMENT

The MSUPD is part of the Division of Student Affairs and reports to the Dean of Students’ Office. The Chief of Police is responsible for the management of the MSUPD. The Meridian campus has an on-campus police department that is part of the MSUPD. Both campuses operate under the same administration. All other public safety services are coordinated with key university and local officials.

The MSUPD consists of sworn officers who are certified through the Mississippi Law Enforcement Officers Training Academy and have constable powers under authority of state statute. They are responsible for enforcement of university rules and regulations and Mississippi state laws on the MSU campuses in Starkville and Meridian. The MSUPD stresses staff education in the form of in-service training and participation in local and state training seminars.

The MSUPD is comprised of professionally commissioned police officers and support staff. MSUPD officers receive the same level of training as municipal and county law enforcement officers. Officers are required to complete a minimum of 400 hours of training at a regional police academy to become certified as a police officer in the state of Mississippi. Additionally, new officers are required to complete a twelve-week field-training program in which they learn to apply their law enforcement academy training to a university environment.

All emergency calls should be made to 911. MSUPD radio dispatchers operate the department's Starkville telephones and two-way radios on a 24-hour basis to provide information and respond to emergencies. In Meridian, all 911 calls will be handled through MSUPD dispatch during operating hours or through Meridian Police Department after hours. Dispatchers can contact the fire department, other area law enforcement agencies, or emergency medical services by direct phone line or radio. Personnel also monitor the National Weather Service radio network. A county-wide alerting system warns of threatening weather conditions.

MSUPD officers are authorized to carry firearms, enforce laws, and make arrests on University property and adjacent roadways. MSUPD works closely with the Starkville Police Department, Oktibbeha County Sheriff’s Office, Meridian Police Department, and the Mississippi Highway Patrol to enhance the safety and security of members of the university community and the surrounding area. The Department also works closely with the Dean of Students and the Office of Housing and Residence Life in enforcing the Student Code of Conduct.

The MSUPD is a full-service agency that works towards building partnerships with the university community to provide a safer environment with such programs and services as Operation Identification, community police officers, Safe Walk, and library patrol. The Police Department may be contacted at 662-325-2121 (Starkville) or 601-484-0199 (Meridian) for information or requests for services. The Police Station is located in the Williams building next to Hull Residence Hall on the Starkville campus and on the main floor of the Meridian campus.

CRIME PREVENTION

Crime prevention at MSU is a community-based program designed to improve the quality of life for members of the campus community, and involvement by all members of the campus community is essential to its success. Its main goal is to improve the quality of life for members of the campus community, and involvement by all members of the campus community is essential to its success. The MSUPD provides leadership and direction for this effort.

A community often evaluates police performance on factors such as response time to calls for service, interactions with individual officers, and satisfaction with the handling of calls for service. Overall police performance, however, is more appropriately measured in terms of increased or decreased crime. Often overlooked are the efforts of police to prevent crime by taking a proactive stance.

At Mississippi State University, positive changes and state-of-the-art crime prevention efforts complement reactive measures. A variety of proactive crime prevention efforts are in use by the MSUPD. Visible patrol units either walk the campus or patrol on bicycles or in marked vehicles. “Operation Identification” is a program of identifying personal property that is stored on campus. MSUPD also can provide walking escorts on campus.

Mississippi State’s crime prevention program stresses community awareness and interaction. The MSUPD disseminates materials and makes presentations to acquaint students, faculty, and staff with their responsibility to help reduce the potential for a crime to occur. Programs range from crime prevention presentations to on-site inspections. MSUPD officers give presentations throughout the university community, including late night talks in residence halls and specially designed programs for interested campus groups. Topics range from personal safety and residence hall security to date rape and vehicle protection. The importance of citizen involvement in crime reporting is emphasized.

Students, faculty, and staff members receive information that encourages crime reporting. Crime prevention information is provided to all new students, faculty, and staff members at orientation programs. Information also is presented to the campus through social media, internet, and e-mail.

For more info concerning crime prevention programs or reporting procedures for crime, please contact MSUPD Crime Prevention at 662-325-2121. Additional information regarding safety and crime prevention is also available at the following websites: police.msstate.edu/safetytips and meridian.msstate.edu/campus-services/campus-police/safety-tips.

PREVENTING CAMPUS CRIME

This summary of policies and procedures is prepared for current and prospective students, faculty, and staff of Mississippi State University and is published in compliance with applicable federal laws, including but not limited to the Clery Act.

CAMPUS SECURITY AND ACCESS TO CAMPUS FACILITIES

Although the Mississippi State campus is open to the public, its facilities are limited to university, academic, and administrative activities and programs sponsored by university groups. Anyone requesting after-hours access to facilities must have the approval of the appropriate authority prior to obtaining access.

University facilities and landscaping are maintained to minimize hazardous conditions. Malfunctioning lights and other unsafe conditions should be reported immediately to the Physical Plant Department by calling 662-325-2052 or, after business hours, by calling the MSUPD, 662-325-2121. For similar issues on the Meridian campus, contact the University Police Department at 601-484-0199.

On-campus student housing is provided to students on the Starkville campus. A variety of options provide housing to both graduate and undergraduate students. Each student is provided with a key to his/her personal room. The external doors to the residence halls are locked at all times, except that residence halls with shared classroom and office facilities are unlocked at 7:30 am and locked at 5 pm Monday through Friday. Access to the facilities is provided through the student’s id card and a card access reader system installed at exterior doors. “Exit Only” and “Emergency Exit Only” doors remain locked at all times in order to prevent access from the outside of the building. These doors are to be used for their intended purposes only and should not be altered in order to allow entry. Residence halls with operable windows are equipped with locks that may be engaged by the occupants of the room.

Information assistants staff the residence hall front desks that are located near the main entrances to the building to provide additional monitoring of who is entering and exiting the buildings. The first floor meeting of each semester in the residence halls is designated as a time to review specific rule enforcement. This is also a time to discuss fire safety and security. Other topics related to safety and security issues are discussed with residents as needed.

RESIDENCE HALL DOOR SECURITY

1. A student who enters or leaves the residence hall after closing hours is responsible for securing the outside door.
2. A student may not prop open or alter a door so that it will not properly close and lock.
3. A student may not admit unauthorized or uninvited persons into the hall.
4. Any maintenance deficiencies that may compromise housing security should be reported immediately to a residence hall staff member or the Housing Facilities
Office (325-2190). When the Housing Facilities Office is closed (after 4:30 p.m. on weekdays and during weekends and holiday periods), potential security problems should be reported to the MSUPD. Any such concerns related to non-housing facilities should be reported to the University Police Department.

Security systems and security procedures are provided for your protection. You should follow these procedures at all times.

STUDENT SAFETY AND ESCORT SERVICE

The MSUPD operates Safe Walk on the Starkville campus, an escort service at night to escort people to their cars or building. They provide an extra set of eyes and ears for the Police Department and report any activities to which the Police need to respond. For assistance, call 662-325-2121, and one of the student employees will be sent to walk you to your destination. Hours of operation vary, but generally begin at dark and last until the early morning hours.

In Meridian, you may contact the MSUPD at 601-484-0199 if you desire a safety escort on campus.

BLUE LIGHTS

Throughout campus, emergency contact sites are placed in high pedestrian traffic areas to provide a direct contact line to University Police if an emergency arises. For more information, contact the University Police Department at 662-325-2121.

MISSISSIPPI SEX OFFENDER REGISTRY

The State of Mississippi maintains a statewide sex offenders registry. This website allows you to search by location for sex offenders in the MSU and surrounding area. Mississippi’s sex offender registry statute requires all sex offenders to register. The sheriff of each county maintains sex offender registration information for that location and forwards it to the Department of Public Safety. To obtain Mississippi Sex Offender info, please go to the following website: state.sor.dps.ms.gov.

NOTIFICATION TO VICTIMS OF CRIMES OF VIOLENCE OR NON-FORCIBLE SEX OFFENSE

Mississippi State University will, upon written request, disclose to the alleged victim of a crime of violence (as that term is defined in section 16 of title 18, United States Code), or a non-forcible sex offense, the report on the results of any disciplinary proceeding conducted by such institution against a student who is the alleged perpetrator of such crime or offense. If the alleged victim is deceased as a result of such crime or offense, the next of kin of such victim shall be treated as the alleged victim for purposes of this paragraph.
PROCEDURES FOR REPORTING CAMPUS CRIME AND OTHER EMERGENCIES

CONTACTS:

Emergency....................................................................................... 911

If you are dealing with a student in distress:

• Be aware of the location of the nearest telephone, whether it is within the building or a personal cell phone.
• If you are concerned for your safety or that of others, call 911 immediately.
• If the student is causing a disruption to the classroom or office environment, but does not pose a threat:
  • Attempt to discuss the situation with the student to address the inappropriate behavior.
  • Ask the student to leave the office or classroom.
  • Document the incident by submitting a behavioral incident report on the Dean of Students’ website at: students.msstate.edu.
  • Or, at any time, call the Dean of Students' Office for assistance.

How to report a student in distress:
Go to the Dean of Students’ website at students.msstate.edu and click “REPORT AN INCIDENT”.

IF IN DOUBT, CALL 911 or THE MSU POLICE DEPARTMENT!

How should disruptive behavior in the classroom be defined?
MSU defines “classroom disruption” as behavior a reasonable person would view as being likely to substantially or repeatedly interfere with the conduct of a class. Examples include repeated, unauthorized use of cell phones in the classroom; persistent speaking without being recognized; or making physical threats.

Examples of behaviors that should be reported:

• Violations of the Code of Student Conduct
• Drunkenness in the classroom
• Threatening words or actions
• Writings that convey clear intentions to harm self or others
• Observed self-injurious behavior (cutting, burning, etc.)
• Threatening online postings
• Dramatic change in class attendance, resulting in excessive absenteeism
• Suicidal tendencies, including:
  • threats (e.g., “I’m going to kill myself”)  
  • gestures (e.g., erasing one’s hard drive)  
  • ideation (e.g., “I’ve always thought about killing myself”)
  • actual suicide attempts
• Paranoia - student groundlessly believes he or she is being stalked
• Stalking
• Relationship violence
• Hazing/bullying
• Flat effect or extreme lack of responsiveness
• “Accidental” overdose
• Harassment

BEHAVIORAL INTERVENTION TEAM (BIT)

Coordinated by the Dean of Students’ Office, the BIT is a group of university administrators and faculty assembled from academic and student affairs to provide support and behavioral responses to students displaying varying levels of distress. Mississippi State’s goal is to successfully engage, support, and minimize the concerns associated with students in distress. Accomplishing these goals requires a coordinated institutional response that includes all members of the MSU community.

AGGRESSION

If you see or are dealing with aggressive behavior or other potentially threatening situations, contact the MSU Police Department. This could be a person who makes aggressive or threatening statements toward the instructor or other people in the university setting or behaves in a way that you believe is not safe.
EMOTIONAL/TROUBLING BEHAVIOR

If you are dealing with a student who needs to talk with someone about personal concerns or is experiencing an emotional or psychological crisis, contact the Student Counseling Center at 662-325-2091. This could include a student who tells you about a personal issue or reveals something to you in written form that you believe is significant enough to require additional help or support.

Faculty and staff may not grant confidentiality to any student discussing any violation of state or federal law or university policy. Most MSU employees are considered “Responsible Employees” for purposes of university policy and federal guidance related to sexual misconduct. Responsible Employees have a mandatory duty to inform the Office of Compliance and Integrity if they learn about sexual misconduct on campus or in connection with any MSU program or activity. All MSU employees should assume that they are mandatory reporters, absent specific instructions to the contrary from a supervisor. To make a report, contact the Title IX Coordinator at 662-325-5839 or by email at titleix@msstate.edu.

Faculty and staff, prior to a report of sexual misconduct, may offer confidential resources to a student or employee, including the MSU Safe Line at 662-325-3333. The Safe Line is staffed by trained counselors 24/7, who can put you in touch with MSU’s Sexual Assault Advocate. This process is confidential. No report will be submitted to the university unless and until you decide you are ready. Additional confidential resources include (1) Student Counseling Services (662-325-2091), where students can meet confidentially with trained counselors; (2) the Longest Student Health Center (662-325-2431), where members of the MSU community can seek medical care, including emergency care; and (3) the MSU Employee Assistance Program (866-219-1232), which provides confidential assistance and advising to MSU employees on a wide range of issues.

DISRUPTIVE BEHAVIOR

If you are dealing with a student who is disruptive or who has violated the Code of Student Conduct, contact the Dean of Students’ Office at 662-325-3611. An example of this might be a student who comes to class under the influence of alcohol or drugs, or who will not behave in an appropriate manner in spite of intervention from the instructor.

IMPORTANT WEBSITES

We strongly encourage the MSU community to contact the Dean of Students’ Office regarding any concerns about a student.

PROCEDURES FOR REPORTING CAMPUS CRIME AND OTHER EMERGENCIES

REPORTING CRIMES AND OTHER EMERGENCIES

In case of emergency, simply dial 911. Campus crime is a reality and preventing it is a responsibility shared by all members of the campus community. Public apathy is a criminal's greatest ally. If you see or suspect criminal activity, you cannot assume that someone else has reported it. Whether you are a victim or an observer, you should report any crime, suspicious activity, or emergency on campus to the MSUPD. Remember, you don’t need proof that a crime has occurred. If you are suspicious, call the MSU Police Department at 662-325-2121 (Starkville) or 601-484-0199 (Meridian). The police department on the Starkville campus is located in the Williams Building on Walker Road, adjacent to the football stadium and Hull residence hall, and the Meridian campus police department is located on the main floor of the College Park campus.

Students, faculty, and staff should report all crimes and medical or fire emergencies to the MSUPD. When a report is received, a police officer will go to the caller’s location for investigation. When necessary, a follow-up investigation will be conducted by the department and coordinated with the local police agencies. In the case of a medical or fire emergency, the MSUPD will notify the appropriate emergency personnel.

When you call the MSUPD, please provide the following information:

- your name
- the location of the incident you are reporting
- a description of the scene and suspects
- a description of any vehicles involved in the incident, especially a license plate number
- the nature of the incident

All crimes reported to the MSUPD are treated with the appropriate concern and attention toward solving the crime. Each officer is trained to perform investigations, and two officers are designated as full-time investigators. All reasonable avenues of investigations will be pursued concerning a complaint. The complainant will be notified in a timely manner of the results of the investigation.
OTHER REPORTING OPTIONS (NON-EMERGENCIES)

Mississippi State University encourages all reports of crime or suspicious activities to be made to the University Police Department; however, reports may also be made to the following:

- The Office of the Dean of Students 662-325-3611
- The Title IX Coordinator in the Office of Compliance and Integrity 662-323-8124
- Chief Human Resources Officer 662-325-3713

All reports will be handled in accordance with University procedures.

DAILY CRIME LOG

A log of reported crimes is maintained by the MSUPD and is available for review at the dispatch location on each campus. The log contains details of the reported crimes but does not contain any names or other personally identifiable information. Additionally, the campus community will be notified about any crimes or incidents that seriously threaten campus safety.

IF YOU ARE ASSAULTED

If you are assaulted, call the MSUPD as soon as possible. Making a police report is not the same as pressing charges. Try to remember as much about the assailant as possible. Characteristics important in locating and identifying suspects include sex; race; hair color, length and texture; body size; clothing; scars and other noticeable markings; mode of travel; and vehicle color, type, and license plate number. In some incidents, the victim may already know the name of the person committing the assault. If you report an assault, the campus will be searched immediately for suspects, and neighboring police agencies will be notified.

If you wish to seek confidential counseling services contact the University Counseling Center (662-325-2091) or the MSU SafeLine (662-325-3333). You may also report such assaults to the Office of the Dean of Students (662-325-3611) or the Title IX Coordinator (662-323-8124 or titleix@msstate.edu) or Human Resources Management (662-325-3713).

IF YOU SEE A SUSPICIOUS PERSON

If you see anyone acting suspiciously, call the MSUPD at once. Do not approach the person yourself. Report the type of activity you observed and describe the person or persons involved. Provide as much information as you can, such as the person’s sex, race, location, type of clothing, and type of vehicle. MSUPD will investigate your report. If all members of the campus community become security conscious and report suspicious activity, thefts, and related incidents can be reduced. Remember, preventing crime is your responsibility, too!

IF YOU RECEIVE A BOMB THREAT

If you receive a bomb threat by telephone, obtain as much information from the caller as possible. Ask for (1) the location of the bomb, (2) the expected time of explosion, and (3) the type of bomb. Listen carefully to the caller’s voice and any background noises. Such information may assist in identifying the caller. Call the MSUPD immediately. MSUPD will search the area involved and notify trained bomb squad personnel if a device is found. MSUPD, together with members of the Crisis Action Team, will determine whether evacuation is required.

The most important thing to remember about preventing crime is that you should call police whenever you suspect that a crime has been or may be committed. You do not need proof in order to call. If you suspect a crime, call the MSUPD immediately.
PREPARING ANNUAL REPORTS

The university prepares this report to comply with the Clery Act. Crime statistics reported to designated campus officials and local law enforcement agencies are included. This report is the result of the efforts of many people on campus. Crime statistics are requested from a number of offices and individuals, including statistics that do not result in a formal police report, and statistics resulting from confidential reports to Student Counseling Services, which are included without divulging information about the victim. Additionally, the University Police Department works closely with local law enforcement agencies to monitor crimes that occur off campus, including those that occur at off-campus locations owned or controlled by student organizations. Every effort is taken to ensure that the statistics are as accurate and complete as possible. Information included in this reported is reviewed for accuracy, completeness and readability. If you have questions about the report, contact the Office of the Dean of Students at 662-325-3611. Mississippi State University will not retaliate against any individual for exercising the rights or responsibilities provided the Clery Act.

STUDENT HEALTH SERVICES

University Health Services approaches healthcare from a team-based holistic viewpoint. By integrating counseling, medical therapeutics, and healthy lifestyles, we encourage our students and patients to forestall those behaviors which lead to many of the chronic medical problems of society. By promptly addressing substance use and abuse, inactivity, poor dietary habits, poor social choices, as well as treating those acute problems that young adults face, we feel we are modeling a form of medical care that will become the standard of the future. More information can be found at health.msstate.edu.

University Health Services is comprised of the following:

The Longest Student Health Center (662-325-7539 or health.msstate.edu/healthcenter) – The health center has physicians on-staff and also includes a pharmacy, x-ray and laboratory facilities, physical therapy, an allergy clinic, and a nutritionist.

Health Promotion and Wellness (662-325-7545 or 662-325-2090 or health.msstate.edu/health/index.php) – The Department of Health Promotion and Wellness engages students through initiatives to promote complete mental, physical, and social well-being. The Department offers programs focusing on sexual assault prevention, intervention and recovery; relationship violence; alcohol and drug abuse; tobacco use cessation; general mental health and well-being; exercise and nutritional information; and sexual health. The Department also houses the Collegiate Recovery Community (recovery.msstate.edu), which provides comprehensive support services for recovering students.

Student Counseling Services (662-325-2091 or health.msstate.edu/scs) – The Student Counseling Service provides individual and group counseling opportunities for students addressing wide ranging concerns. The center also houses the Victim Advocate Coordinator for victims of sexual assault.

SEXUAL MISCONDUCT: PROHIBITED CONDUCT, PREVENTION AND RESPONSE

MSU is committed to complying with Title IX, a federal law that prohibits discrimination, including violence and harassment, based on sex. This means that MSU’s educational programs and activities must be free from sex discrimination, sexual harassment, and other forms of sexual misconduct. If you or someone you know has experienced sex discrimination, sexual violence and/or harassment on campus, or by any member of the university community, you are encouraged to report the conduct to MSU’s Director of Title IX/EEO Programs at 662-325-8124 or by e-mail to titleix@msstate.edu. Additional resources are available at oci.msstate.edu/focus-areas/title-ix-sexual-misconduct.

PROHIBITED CONDUCT

Mississippi State University is committed to ensuring an educational environment free from discrimination on the basis of sex or gender. This means we take all forms of sexual violence and other misconduct very seriously, and place particular emphasis on responding effectively to the nationwide problem of sexual assault.

University policy prohibits all forms of “sexual misconduct.” Sexual misconduct refers to unwelcome behavior of a sexual nature committed without effective consent. This includes but is not limited to the following:

• Sexual Harassment - unwelcome conduct of a sexual nature. It can include verbal or non-verbal communication or physical conduct. Examples of prohibited sexual harassment include, but are not limited to (a) repeated sexual solicitations toward a person who has not indicated they are welcome; (b) conditioning favorable treatment in connection with any university program upon sexual favors; (c) threats of a sexual nature that do not rise to the level of sexual assault or domestic violence; and (d) severe,
Consent under University policy is defined as words or actions that clearly show an active, knowing and voluntary agreement to engage in a particular sexual activity. Consent is determined objectively. Consent may be withdrawn at any time by words and/or actions that clearly show the individual no longer wishes to participate. Silence and/or the absence of resistance by themselves are not consent. Consent to engage in sexual activity in the past by itself is not consent to future sexual activity. Consent to engage in sexual activity with one person is not consent to engage in sexual activity with another person.

Other factors that may preclude consent are:

- Force or coercion. There is no consent when a person submits to sexual activity due to physical force, the threat of physical force, or coercion. Coercion refers to threatening an adverse consequence that would prevent a reasonable person from exercising free will in the decision whether to consent. Coercion is not merely words of persuasion one might reasonably use to seek voluntary consent.

- Incapacity or impairment. There is no consent if a person is mentally or physically incapacitated or impaired such that they cannot understand the fact, nature, or extent of the sexual situation. This includes impairment or incapacitation due to alcohol or drug consumption if it prevents the person from having such an understanding, as well as being asleep or unconscious. It also includes instances in which a person lacks the required understanding due to medical conditions, or cognitive or other disabilities.

- Age. There is no consent for purposes of university policy without consent under applicable law. Under Mississippi law, persons under fourteen cannot give effective consent to sexual activity with any person who is more than twenty-four months older. Persons between fourteen and sixteen cannot give consent to anyone who is more than thirty-six months older.

The university's Sexual Misconduct Policy is interpreted in accordance with the rights to free expression held by members of the university community. Thus, the mere expression of opinions, ideas, words or symbols that another person finds objectionable will not, without more, constitute sexual misconduct. The Sexual Misconduct Policy, which is reprinted in the following pages, is available on-line at policies.msstate.edu/policypdfs/0304.pdf. Proceedings under this policy are independent of and are not dependent on any criminal prosecution by local, state, or federal law enforcement.

**PREVENTING SEXUAL MISCONDUCT**

The university takes proactive steps to raise awareness of issues surrounding sexual assault, including consent, alcohol consumption, and bystander intervention. This is done partly through the online Haven and Haven for Faculty and Staff programs, which are mandatory for all new students and employees, and available via myState to all members of the university community. Additionally, the Office of Compliance and Integrity works in tandem with others to provide face-to-face training to groups throughout the university. Examples of awareness and prevention trainings and programs used by the university to raise awareness of sexual misconduct include, but are not limited to:

- Haven: Online training on sexual violence and misconduct; mandated for all incoming students
- Haven for Faculty and Staff: Online training on sexual violence and misconduct; mandated for all new employees
- Group Training by Office of Compliance & Integrity: OCI offers group training sessions on sexual violence and misconduct, which are available to all university departments and organizations. During the 2016-17 academic year, OCI completed approximately 40 training sessions.
- The Clothesline Project: On-campus visual display project to raise awareness of sexual violence, sponsored by Health Promotion & Wellness
- Go Paint Starkville: A “color run” awareness project for students and community members focused on relationship violence, sponsored by Health Promotion & Wellness
- Safe Zone Training: Voluntary training on LGBTQ issues, including sexual violence and misconduct
- Mandatory syllabus statement advising students how to report sexual misconduct

**REPORTING AND Responding to SEXUAL MISCONDUCT**

Mississippi State University has a formal policy providing guidance on how sexual misconduct and consent are defined, how to report sexual misconduct, how to handle evidence of sexual misconduct, who must report sexual misconduct and how all such reports will be investigated and resolved. That policy is available at policies.msstate.edu/policypdfs/0304.pdf and is set forth in full below. Additional guidance on reporting sexual misconduct
as defined below. The University's Non-Discrimination and harassment, sexual assault, and other forms of sexual misconduct. The focus of this policy is sex discrimination in the form of sexual discrimination in its educational programs or activities. In order to foster an environment of respect for the dignity and worth of all members of the University community, the University is committed to maintaining an educational environment free from sex discrimination, which includes sexual misconduct of any type, including sexual assault, sexual harassment, sexual exploitation, stalking or domestic violence.

It is the policy of the University that no member of its community, including students, employees, contractors, and visitors on its campuses, shall engage in sexual misconduct of any kind toward any other member of the University community or in connection with any University program. Reporting of sexual misconduct to the authorities listed in this policy is strongly encouraged and, in some circumstances, is required. Any person who violates this policy is subject to disciplinary action, which may include expulsion from the University or its programs, or termination of employment.

The University’s policy is to investigate reports of sexual misconduct promptly, fairly, and thoroughly, in order to ensure the safety of all members of the community. To that end, retaliation of any kind against any person who brings a complaint under this policy will not be tolerated and will be independent grounds for disciplinary action.

II. Application of this Policy

This policy applies to all members of the University community, including without limitation students, faculty, staff, independent contractors and their employees, visitors on campus, and those participating in University programs. It applies regardless of a person’s sex, sexual orientation, or gender identity. Application of this policy is not limited to sexual misconduct that occurs on an MSU campus. It may also include sexual misconduct that occurs off-campus if it involves a University program or members of the University community.

III. Sex Discrimination Prohibited

The University does not permit discrimination on the basis of sex in its educational programs or activities. Specifically, University policy is to comply fully with the requirements of Title IX of the Education Amendments of 1972, as well as other applicable laws and their implementing regulations.

The focus of this policy is sex discrimination in the form of sexual harassment, sexual assault, and other forms of sexual misconduct as defined below. The University's Non-Discrimination and Anti-Harassment Policy (OP 3.03) addresses sex discrimination generally, as well as other forms of prohibited discrimination that do not involve sexual misconduct.

IV. Definition of Sexual Misconduct

As used in this policy, the term “sexual misconduct” refers broadly to unwelcome behavior of a sexual nature committed without effective consent. Sexual misconduct can vary in its nature and severity. For purposes of this policy, sexual misconduct includes but is not limited to sexual harassment, sexual assault, sexual exploitation, stalking and domestic or dating violence.

- Sexual Harassment is unwelcome conduct of a sexual nature. It can include verbal or non-verbal communication or physical conduct. It is prohibited by this policy when it is sufficiently severe, pervasive or persistent that it denies or limits or is likely to deny or limit a reasonable person’s ability to participate in or benefit from University programs, services, opportunities or activities. Examples of prohibited sexual harassment include, but are not limited to (a) repeated sexual solicitations toward a person who has indicated they are unwelcome; (b) conditioning favorable treatment in connection with any University program upon sexual favors; (c) threats of a sexual nature that do not rise to the level of sexual assault or domestic violence; and (d) severe, pervasive, or persistent insults or derisive comments related to sex, gender, or sexual orientation directed at a specific individual. Whether sexual harassment is sufficiently severe, pervasive or persistent to violate this policy may depend on multiple factors. Thus, a person should not be deterred from reporting unwelcome sexual conduct simply because they are not certain whether it is severe, pervasive or persistent enough to constitute a policy violation. That is a determination for the University to make, and a person reporting harassment will never be penalized or retaliated against for any report made in good faith.

- Sexual Assault refers to rape or other physical sexual acts perpetrated against a person without their consent. Sexual assault includes sexual penetration or intercourse or any other physical contact of a sexual nature that occurs without consent. This includes but is not limited to deliberate physical touching as well as contact of a sexual nature with an object. Sexual assault also includes attempted physical sexual contact without consent, as well as attempts to induce sexual activity via direct threats of physical violence, even where no physical contact ultimately occurs.

- Sexual Exploitation is taking sexual advantage of another person in a way that deliberately infringes on his or her reasonable expectation of privacy and/or security, but does not involve actual or attempted physical contact. Examples of sexual exploitation include, but are not limited to (a) recording images, video or audio of another person engaged in sexual activity or in a state of undress without that person's consent, even if the sexual activity itself is consensual; (b) distributing images, video or audio of another person engaged in sexual activity or in a state of undress—or threatening to distribute the same—if the person distributing knew or reasonably should have known that the person depicted did not consent to the recording or the distribution; (c) viewing another person engaged in sexual activity.
or in a state of undress in a place where that person would have a reasonable expectation of privacy, without that person’s consent and for the purpose of gratifying sexual desire; (d) failing to notify a person with whom one is engaged in a sexual activity that another person is observing.

- Stalking means engaging in a course of conduct directed at a specific person that would cause a reasonable person to fear for their safety or suffer substantial emotional distress. Examples of stalking include but are not limited to physically pursuing a person against their wishes, or sending repeated unwanted messages by electronic or other means. Stalking violates this policy when it is undertaken, at least in part, for a sexual purpose.

- Domestic/Dating Violence refers to acts of physical violence, or threats of physical violence, committed by a person who is or has been in a social relationship of a romantic or intimate nature with the victim. The violent act itself may or may not be sexual in nature.

These definitions and all other parts of this policy shall be interpreted in accordance with the rights to free expression held by members of the University community. Consequently, the mere expression of opinions, ideas, words or symbols that another person finds objectionable will not, without more, constitute a violation of this policy.

V. Definition of Consent

Consent refers to words or actions that clearly show an active, knowing and voluntary agreement to engage in a particular sexual activity. Consent is determined objectively. This means that an individual is deemed to have given consent when a reasonable person, under the particular circumstances of the encounter, would understand the individual’s words and/or actions as indicating the required agreement.

Consent may be withdrawn at any time by words and/or actions that clearly show the individual no longer wishes to participate. Silence and/or the absence of resistance by themselves are not consent. Consent to engage in sexual activity in the past by itself is not consent to future sexual activity. Consent to engage in sexual activity with one person is not consent to engage in sexual activity with another person.

- Force or coercion. There is no consent when a person submits to sexual activity due to physical force or the threat of physical force. Likewise, there is no consent when a person intentionally uses coercion to cause another person to agree to sexual activity. Coercion is threatening an adverse consequence that is sufficiently severe as to prevent a reasonable person from exercising free will in the decision whether to consent. Examples of coercion may include but are not limited to threatening self-harm if a person does not agree to sexual activity, threatening to “out” another person’s sexual orientation, or threatening an adverse employment action. Coercion is not merely words of persuasion one might reasonably use to seek voluntary consent to sexual activity.

- Incapacity or impairment. There is no consent if a person is mentally or physically incapacitated or impaired such that they cannot understand the fact, nature, or extent of the sexual situation. This includes impairment or incapacitation due to alcohol or drug consumption if it prevents the person from having such an understanding, as well as being asleep or unconscious. It also includes instances in which a person lacks the required understanding due to medical conditions, or cognitive or other disabilities.

In some instances, a person may give what appears to be consent, despite being incapacitated. For example, a person may speak despite having “blacked out.” In such cases, the objective standard for consent applies, meaning that a policy violation occurs unless a reasonable individual under the particular circumstances would have believed that the incapacitated person’s actions signaled active, knowing and voluntary agreement to sexual activity. Even if this objective standard is satisfied, if the other individual was actually aware of the person’s incapacity, there is no consent.

- Age. There is no consent for purposes of this policy where a person is too young to give effective consent under applicable law. Under Mississippi law, persons under fourteen cannot give effective consent to sexual activity with any older person, where the age difference is greater than twenty four months. Persons between the ages of fourteen and sixteen cannot give consent to sexual activity with any older person where the age difference is greater than thirty-six months.

VI. Reporting Sexual Misconduct

The University strongly encourages anyone who has experienced sexual misconduct to report the incident through the procedures in this policy. Properly reporting the incident allows the University to take steps to ensure the safety of the complainant and others and to provide support services. Any person may submit a report against any other person for sexual misconduct on a MSU campus, in connection with any MSU program or activity, and/or involving a member of the University community.

There are alternatives to reporting sexual misconduct to the University. For example, a person may choose to speak confidentially to a counselor, a victim advocate, a health care professional, or certain others on campus. Likewise, a person always retains the right and is encouraged to report misconduct to any law enforcement agency, regardless of whether they have reported to the University or not. In short, it is important for all members of the University community to familiarize themselves with all their options for seeking assistance.

1. Emergency Assistance

If you are in immediate physical danger or need emergency medical care, CALL 911.

Your safety is the first priority. The options for assistance listed below can provide a quick response, but they cannot provide the immediate physical presence necessary to assist you if you are in danger. If you believe you are in immediate physical danger or
If you need immediate medical assistance, call 911. Police and/or an ambulance will be dispatched to assist you as necessary. University officials, if not alerted by your 911 call, can be alerted once you are safe.

If you are not in immediate physical danger, call the MSU Safeline at 662-325-3333.

If there is no immediate threat and you do not need immediate medical care, the MSU Safeline is the quickest, most direct way of reporting sexual misconduct and getting help. Calling the Safeline will notify one of MSU’s Sexual Assault Advocates, who are trained to help you obtain support, which may include, as necessary, medical care, housing accommodations, academic accommodations, or counseling.

2. Reporting to the University

Whom should I contact?

The University’s Title IX Coordinator is responsible for overseeing compliance with Title IX and other laws that address sexual misconduct and discrimination. The Coordinator oversees investigations and disciplinary proceedings in cases of sexual misconduct, as well as the interim accommodations and assistance for those who report such misconduct. The simplest and most direct route to submit a formal report to the University is to contact the Title IX Coordinator:

Brett Harvey, Title IX Coordinator.
Email: titleix@msstate.edu; Phone: 662-325-8124.

If a person does not wish to report directly to the Title IX Coordinator, they are encouraged to contact one of the following officials, who also can provide prompt assistance:

Thomas Bourgeois, Dean of Students. Allen Hall Room 608.
Email: thomasb@hrm.msstate.edu; Phone: 662-325-3717.

Ann Carr, Senior Associate Athletic Director.
Email: acarr@athletics.msstate.edu; Phone: 662-325-0977.

Jackie Mullen, Director of Student Activities, Office of Fraternity and Sorority Life.
Email: jmullen@saffairs.msstate.edu; Phone: 662-325-3917.

Joy Graves, University Compliance Officer.
Email: jgraves@legal.msstate.edu; Phone: 662-325-8131.

Judy Spencer, Chief Human Resources Officer.
222 McArthur Hall;
Email: jspencer@hrm.msstate.edu; Phone: 662-325-3717.

Stephen Green, Senior Human Resources Generalist.
226 McArthur Hall;
Email: sgreen@hrm.msstate.edu; Phone: 662-325-3717.

Juli Rester, Senior Human Resources Generalist.
226 McArthur Hall;
Email: rester@hrm.msstate.edu; Phone: 662-325-3717.

In addition to these officials, many MSU personnel are trained to convey reports of sexual misconduct to the proper authorities on campus. These personnel are called “Responsible Employees” and their duties are discussed below. Whenever possible, however, incidents of sexual misconduct should be reported to one of the individuals listed above to provide the most prompt and direct response.

What should I do with any evidence of sexual assault?

A person who experiences sexual assault should take steps to preserve evidence as soon as possible after the incident, even if he or she is unsure about reporting it. To better preserve evidence:

- Do not shower or douche.
- Try not to urinate. Urinating may reduce the ability to detect “date rape” drugs.
- If there was oral contact, do not smoke, eat, or brush your teeth.
- Do not change clothes. If you have already changed your clothes, place them in a paper bag, as plastic may destroy evidence. If you haven’t changed, keep the original clothes on and bring an extra set to wear home.
- A Physical Evidence Recovery Kit (PERK) will preserve help preserve forensic evidence of an assault. Inform your medical care provider that you wish to have a PERK performed as soon as possible.

What if I am reporting workplace sexual harassment?

Sexual harassment or other misconduct against University employees in the workplace may violate both this policy and/or the University’s Anti-Harassment and Non-Discrimination Policy (Operating Policy 03.03). When reporting workplace sexual harassment that does not involve sexual assault or other violence, employees are encouraged to follow the reporting procedures contained in Operating Policy 03.03.

If workplace misconduct does involve sexual assault or other violence, employees should never attempt to resolve the matter directly with the accused person. In such cases, employees should report the matter directly to the Title IX Coordinator or the Chief Human Resources Officer.

What if I report sexual misconduct to someone else at MSU?

If a report is made to an employee of the University other than those listed above, that employee may or may not have a duty to report the complaint to the Title IX Coordinator, depending on the employee’s position and job duties.

Certain University employees are deemed “Responsible Employees” for purposes of Title IX and this policy. When a Responsible Employee receives a report of sexual misconduct, he or she has a mandatory duty to report that allegation to the Title IX Coordinator. As discussed below, there is a single, narrow exception to this mandatory reporting requirement where the alleged misconduct involves nonviolent employee-on-employee workplace harassment.

Who are MSU’s Responsible Employees?

A Responsible Employee is any MSU employee (a) who has actual authority to redress sexual misconduct; (b) who has been
given the duty of reporting incidents of sexual misconduct or any other misconduct to appropriate University authorities; or (c) who a student would reasonably but mistakenly believe has this authority or duty.

The Responsible Employee designation applies to professors and other faculty, deans and department heads, athletic coaches and administrators, personnel in the Dean of Students’ Office, University Police Department personnel, resident assistants and directors, and any other employee who meets any of the three elements above. If you are uncertain whether you or someone else is a Responsible Employee, the Title IX Coordinator can help you make that determination.

Confidential Employees. Certain employees are specifically exempted from Responsible Employee status. These include (1) licensed counselors, such as those at Student Counseling Services, and their staff members; (2) health care providers and staff, such as those at the Longest Student Health Center; and (3) pastoral counselors. These employees are not required to relay any information about reported sexual misconduct to the University. Faculty members with duties that meet the above descriptions are exempted from mandatory reporting for information received when acting in their counseling or clinical capacity, but not for information received in other settings, such as office hours with students.

Other Exempted Employees. The University may determine that other personnel, such as trained sexual assault advocates, should be exempted from mandatory reporting requirements, consistent with applicable law and legal guidance. Such a determination must be made in writing and approved by the Title IX Coordinator, University Counsel, and the Vice President for Student Affairs. Any employees so designated are not required to report identifying information about alleged sexual misconduct, but are required to report non-identifying information including the nature, date, time, and general location of the incident for purposes of record keeping under the Clery Act.

What happens when I inform a Responsible Employee of sexual misconduct?

When a Responsible Employee receives a report of sexual misconduct, he or she has a mandatory duty to report that allegation to the Title IX Coordinator. This means that the Responsible Employee must inform the Title IX Coordinator, even if the person who experienced the alleged misconduct asks the employee not to do so.

University personnel who are not Responsible Employees are encouraged to report incidents of sexual misconduct to the University, but are not required to do so. Consequently, individuals who experience sexual misconduct should not
presume that informing these employees will result in any remedial action by the University. They should instead report the matter to the Title IX Director or other personnel listed above.

Statements concerning sexual misconduct that are directed to groups generally do not constitute reporting for purposes of this policy, even if a Responsible Employee is present or learns of the statement. This includes without limitation statements made in the course of public events such as rallies, vigils or speeches. If a person wishes to seek assistance from the University, they should speak directly to a Responsible Employee in a one-on-one setting.

Are there any exceptions to a Responsible Employee's duty to report?

There is one narrow exception to the mandatory reporting requirement for Responsible Employees. If the alleged sexual misconduct is harassment of one employee by another employee and there is no allegation of sexual assault or other violence and no student or minor allegedly was involved, then a Responsible Employee may, in his or her discretion, decide not to report the incident to the Title IX Coordinator.

This exception recognizes that employees may wish to confer with co-workers about incidents of nonviolent harassment without immediately triggering a university investigation. It applies solely to the reporting obligation addressed in this policy. It does not relieve any employee of any other reporting obligation he or she may have under any other policy or law. In all cases, all employees are strongly encouraged to inform their co-workers of their options for reporting workplace harassment or other sexual misconduct to the University.

What are my duties as a Responsible Employee?

Responsible Employees are required to notify the University’s Title IX Coordinator when they learn of sexual misconduct against any member of the University community, guest on campus, or participant in any University program.

- Reporting should be prompt. A Responsible Employee should report an incident of sexual misconduct to the Title IX Coordinator as soon as is practical under the circumstances.

- Reporting is not discretionary. To be clear, aside from the single exception described above, the obligation to report sexual misconduct is not discretionary. A Responsible Employee may not, for example, decide not to report alleged misconduct because he or she believes it is not sufficiently serious, or because he or she does not believe it happened. These are decisions for the Title IX Coordinator and appropriate University officials to make.
- Independent responses are prohibited. Under no circumstances may any employee, department, organization, or division of the University attempt to resolve unilaterally any complaint of sexual misconduct that is required to be reported under this policy. In these cases, the Responsible Employee must always notify the Title IX Coordinator first, who will determine the appropriate response after consultation with appropriate officials.

- Inform students of your obligations. Many Responsible Employees can reasonably anticipate the possibility that students may report sexual misconduct to them. The University encourages these employees to inform students of their reporting obligations in advance. When sexual misconduct is actually reported, the employee should tell the reporting person as early in the conversation as possible that any information provided will have to be relayed to the Title IX Coordinator, and that if the reporting person prefers to keep the information confidential, the University has resources such as the Student Counseling Center and Longest Health Center that can provide confidential assistance.

- Tell the reporting person what will happen next. A Responsible Employee should tell the person reporting sexual misconduct (1) that they will be informing the Title IX Coordinator of the incident; (2) why they are sharing this information—i.e., their obligation to inform those on campus in a position to respond; and (3) that the University will contact them to provide additional information and support.

- Do not share the information with others. Once you have informed the Title IX Coordinator, your reporting duties are complete. You may not share the information with anyone else. If your supervisor or someone you report to expects to be notified of such reports, you may inform them that you have relayed a complaint to the Title IX Coordinator, and that they may contact the coordinator directly with questions or concerns.

After I report misconduct, will the information be kept confidential?

The University will endeavor to keep reported information about sexual misconduct private to the greatest extent possible, but cannot guarantee that all information it receives will be kept confidential. Once a report is submitted to a Responsible Employee, the University has a duty to investigate the matter and endeavor to protect the safety of members of the community. In some instances, this means that certain information must be provided to individuals involved in an investigation.

Upon receiving a report of sexual misconduct, the Title IX Coordinator will attempt to contact the person who made it (the “complainant”) to determine his or her wishes with respect to privacy. If the complainant requests that their identity or other information be kept private, or that no disciplinary action be pursued, the University will give careful consideration to that request. However, there may be instances in which such requests cannot be honored, as they would impair the University’s ability to ensure a safe and nondiscriminatory environment for all students. Factors considered include, but are not limited to:

- The risk of the accused committing other acts of sexual misconduct, such as where other complaints have been made against the same person.
- The risk of sexual misconduct of a similar nature, such as where multiple assaults occurred at the same location or involving the same group.
- The use of physical violence and/or weapons.
- The involvement of multiple alleged perpetrators.
- Allegations of threats or retaliation by the accused against the complainant or others.
- The reporting party’s age.
- The parties’ rights and/or the University’s obligations under the Family Educational Rights and Privacy Act (FERPA) and other applicable privacy laws.

If the University determines it can honor a request to keep information private, it will take steps consistent with that request to ensure the safety of the complainant and others. However, complainants should understand that honoring a request for privacy necessarily will impair the University’s ability to investigate and normally will prevent any disciplinary action from being taken against the accused. If someone who initially requested privacy later requests an investigation, the University will honor that request. However, delays may impair the University’s ability to conduct a thorough investigation or take appropriate remedial action.

If the University determines it cannot honor a request for privacy, it will inform the complainant before any disclosure is made. The University will take whatever steps it deems necessary to protect the complainant and to ensure that information is available only to those who have a legitimate need to know. The University will make it clear to the accused party and others receiving information that any act of retaliation against the complainant will not be tolerated.

If my report of sexual misconduct involves alcohol use, will I be punished?

While the University does not condone violations of its policies, reporting incidents of sexual misconduct is of paramount importance. Thus, the University will not pursue disciplinary action against any person for possession or consumption of alcohol or drugs, when that possession or consumption is revealed in the course of a good faith report of sexual misconduct or other good faith statements made in connection with an investigation under this policy.

3. Confidential Assistance

Certain University personnel are able to provide assistance to victims of sexual misconduct on a confidential basis. These individuals are not required to convey information regarding sexual misconduct to the Title IX Coordinator or anyone else. Consequently, communications with these individuals do not
put the University on notice of sexual misconduct. While these individuals may be able to provide assistance such as counseling or health care, notifying them will not trigger an investigation by the University or any disciplinary proceedings. Sources of confidential assistance include:

- Student Counseling Services (662-325-2091) allows students to meet confidentially with mental health counselors. Additionally, Counseling Services can provide a Sexual Assault Advocate, who can offer confidential assistance, including (1) explaining reporting options; (2) providing accompaniment and assistance in seeking medical care or police assistance; and (3) seeking other assistance without disclosing the victim's identity.

- The Longest Student Health Center (662-325-2431) provides medical care, including emergency care, to members of the University community. Information shared with Health Center staff, including information pertaining to sexual assault or other misconduct, is confidential.

- The Employee Assistance Program (1-866-219-1232) provides confidential assistance to employees covering a wide range of family, marital, and other issues. The EAP offers telephone counseling and can refer employees for in-person counseling sessions.

As discussed above, the University may elect to confer confidential status to other employees consistent with applicable laws and regulations. If you are not certain whether an employee is required to report sexual misconduct to the University, please inquire with the Title IX Coordinator.

4. Anonymous Disclosure

Anonymous complaints of sexual misconduct or other unethical or unlawful behavior can be made through the MSU Ethics Line, a comprehensive and confidential online reporting tool. An online report can be completed via the Ethics Line web page, a link to which is located on the University’s main home page. To submit a report by telephone, dial 877-310-0424.

The MSU Ethics Line is not a 911 or emergency service. If your situation involves any immediate threat, call 911 or the MSU Police Department, not the Ethics Line. Further, the Ethics Line is not a substitute for reporting under this policy. While the University will take appropriate steps to address threats to safety or other ongoing problems identified by anonymous disclosures, its ability to respond, impose discipline, and/or accommodate the complainant normally will be significantly limited. Members of the community are therefore strongly encouraged to consider the other options for reporting listed in this policy.

5. Reporting to Law Enforcement Agencies

The reporting procedures in this policy are not intended as a substitute for reporting sexual misconduct to law enforcement agencies. Sexual misconduct may involve violations of the law. Members of the University community always retain the right to report sexual misconduct to the police. However, reporting to law enforcement is never required under this policy.

In an emergency, the MSU and Starkville Police Departments can be reached by calling 911. Non emergency contact information for these agencies is as follows:

- **MSU Police Department** - 662-325-2121
- **Starkville Police Department** - 662-323-4131
- **Oktibbeha County Sheriff’s Office** - 662-323-2421
- **U.S. Department of Justice - Office of Civil Rights** - 404-562-7886

Reporting to the MSU Police Department will trigger the responses outlined in this policy. Reporting to other law enforcement agencies will not trigger these responses unless and until that agency elects to share the information with University officials or until you make a report as outlined in this policy.

Making a report under this policy is independent of any criminal investigation or proceedings. Thus, you may report to the University, a law enforcement agency, or both. The University, in its discretion, may not wait for the conclusion of any criminal investigation or proceedings to commence its own investigation or disciplinary proceedings. The University may take interim measures, if necessary, for the safety and security of the University community.

Individuals who bring reports of sexual misconduct to the University will be informed of their options for reporting to law enforcement agencies. If requested, the University will take reasonable steps to assist the individual in reporting to law enforcement.

While requests by reporting parties for non-disclosure of information to law enforcement will be carefully considered, there may be circumstances under which University officials must provide law enforcement with information, such as where disclosure is required by law or is necessary to ensure campus safety.

VII. Prohibition on Retaliation

Retaliation against individuals who report sexual misconduct, or who cooperate with an investigation of alleged misconduct, whether conducted by the University or any law enforcement agency, is strictly prohibited. Retaliation is an independent basis for disciplinary action, regardless of the outcome of the underlying complaint. For purposes of this policy, retaliation includes any adverse action that would deter a reasonable person from reporting, testifying, or otherwise cooperating with an investigation or proceeding. Any such retaliation should be reported immediately to the Title IX Coordinator.

VIII. False Reporting

While the University recognizes the rarity of intentionally false reports of sexual misconduct, submitting a deliberately false report or providing false information in bad faith is prohibited under this policy and is grounds for disciplinary action. A report is made in bad faith when the person making it actually knew it was false or made it with reckless disregard for the truth. A report is not made in bad faith merely because an adjudicator finds an
accused party not responsible.

Where a false report or statement has been made in bad faith, disciplinary action by the University against the person making it is not retaliation within the meaning of this policy. This exception applies solely to official disciplinary action by the University. It does not authorize other retaliation of any kind by any individual, department or organization, even where bad faith is found.

IX. Investigation and Adjudication

All investigations and disciplinary proceedings concerning alleged sexual misconduct will be conducted in a prompt, fair, and impartial manner by individuals who have received appropriate training.

1. Initial Investigation

The Timeframe. Absent extenuating circumstances, the University will strive to conduct a full investigation of a complaint of sexual misconduct and adjudicate the complaint within sixty calendar days after receiving consent to proceed with an investigation from the complainant or within sixty calendar days of deciding to proceed with an investigation absent the complainant's agreement.

Interim Assistance. While an investigation is pending, the University will take reasonable interim steps to protect complainants. These steps may include, but are not limited to:

- Modifying class or work schedules as necessary;
- Making alternate housing or workplace arrangements;
- Addressing other academic or workplace concerns (e.g. assignments, leaves of absence, or withdrawal); and
- Providing additional and/or targeted educational programming and training.

The University may also issue orders prohibiting contact between the complainant, the accused, and/or any other member of the University community. While these accommodations are most commonly provided to complainants, the University may also make accommodations for the accused or any other person, where it deems them necessary for a prompt, fair, and impartial resolution. A written description of available accommodations and assistance will be made available upon request.

The Investigator. The Title IX Coordinator will select an appropriate person or persons to conduct the investigation. In exceptional cases, an external investigator may be used. In all cases, the investigator will have received proper training on issues relating sexual misconduct and Title IX. The investigator may regularly consult with the Title IX Coordinator on the progress of the investigation and potential issues that require additional follow-up.

Initial Contact with the Parties. When an investigation begins, the Title IX Coordinator or a designee will schedule a meeting with the complainant. The complainant will be informed about the relevant provisions of this policy, the nature of the investigation, the availability of interim accommodations and assistance, the prohibition on retaliation, the right to report to law enforcement agencies, and the possibility of informal resolution where appropriate. The Title IX Coordinator or a designee also will communicate to the accused party the relevant provisions of this policy, the nature of the investigation, and forms of support or assistance available to him or her.

2. Procedures for Adjudication

The procedures for investigating and adjudicating complaints of sexual misconduct vary depending on the identity of the accused party. Where the accused party is a student, the procedures described below in part (b) will be used. Where the accused party is an employee, the procedures described below in part (c) will be used. In all cases where a student or employee is charged with sexual misconduct in violation of this policy, however, the following general rules in part (a) apply.

a. General Rules for Investigation and Adjudication

i. All parties to a sexual misconduct investigation will have equal rights throughout the resolution process and will have an equal opportunity to present relevant witnesses and other evidence if a hearing is necessary.

ii. Both the complainant and accused have the right to have a non-participating advisor present at any hearing or any meeting related to the investigation or adjudication. If this advisor is an attorney, please see the procedure located in OP 91.100.

iii. The complainant and accused will be advised of the charges, their rights and the hearing procedure at a pre-hearing conference.

iv. Both parties will be given reasonable advance notice as to who will hear and adjudicate the matter, as well as the identity of any witnesses, and any other evidence to be presented at any hearing.

v. The complainant has the right be present during the entirety of any hearing or can choose to participate by remote means at an off-site location.

vi. The standard of proof for adjudicating any sexual misconduct charge is a preponderance of the evidence standard. In other words, the evidence must show that it is more likely than not that the alleged sexual misconduct occurred.

vii. The complainant and the accused in a sexual misconduct complaint hearing will be allowed to question or provide information responding to any witness's testimony or other evidence presented during any hearing. However, the complainant and the accused in a sexual misconduct complaint hearing should not directly question or cross-examine each other during the hearing.

viii. The complainant and the accused will be simultaneously informed, in writing, of the outcome of any disciplinary proceeding, the procedures to appeal the results, any change in the results that occurs prior to the results becoming final, and the time at which the results become final.

ix. The Title IX Coordinator will oversee all investigations, hearings and disciplinary proceedings under this policy to ensure such proceedings comply with University policy and applicable law. All persons assigned to investigate sexual
misconduct charges will have received proper training on issues related to sexual assault, sexual harassment, domestic violence, and stalking as well as proper methods for ensuring a prompt, thorough and fair investigation. All persons responsible for final adjudication of charges of sexual misconduct will have received proper annual training on the same issues, as well as proper methods of conducting hearings.

x. If any party to a disciplinary hearing under this policy believes that any adjudicator or investigator has a conflict of interest that would prevent him or her from handling the matter fairly and impartially, they should communicate that belief to the Title IX Coordinator as early as possible, and in all events prior to any hearing. The Coordinator will review the matter and take remedial action where appropriate, which may include assigning an alternate investigator or adjudicator. In rare cases, the Coordinator may determine that potential conflicts of interest or other factors warrant the appointment of individuals from outside the University community to investigate and/or adjudicate a charge of sexual misconduct.

3. Possible Sanctions

Sanctions for violations of this policy must be determined based on the facts of each individual case. Sanctions are distinct from non-punitive interventions—such as no-contact orders or changes in housing assignments—which the University may impose to insure the safety of community members. Sanctions may include, but are not limited to, one or more of the following:

- Expulsion: Separation of the student from the University whereby the student is never eligible for readmission to this university.
- Termination of Employment: Removal of an employee from his or her position with the University whereby the employee is not eligible for re-employment.
- Suspension: Separation of the student from the University, or temporary removal of an employee with or without pay, for a period of time.
- Conduct Probation: An official warning that the student's conduct is in violation of the Code of Student Conduct, but is not sufficiently serious to warrant expulsion or suspension. A student on conduct probation may face expulsion or suspension if found responsible for another violation. A student may also be ineligible to represent the university, and additional restrictions or conditions may be imposed depending on the nature and seriousness of the misconduct as specified in the sanction.
- Loss of campus housing: Removal from University housing for disciplinary reasons.
- Community service: An individual may have to complete a specified number of community service hours.
- Restrictions: The withdrawal of specified privileges for a defined period of time.
- Reassignment: Alteration of an employee's duties, work schedule, work location, or other terms of employment, which may or may not involve demotion or reduction of compensation.
- Restitution: A payment for financial reimbursement in cases involving loss of or destruction of property or deception.
- Warning: Formal reprimand of a student for actions violating the Code of Student Conduct, or a formal warning of an employee to be maintained in his or her employee records.
- Educational Requirements: A stipulation to complete a specific educational or training requirement related to the specific infraction. The provision will be clearly defined. Educational requirements may include, but are not limited to, completion of an alcohol or drug education course, an integrity course, remedial training on sexual misconduct issues, essays, reports, etc.
4. Informal Resolution

In some instances, a complainant may prefer to address sexual misconduct through informal means, such as mediation. Persons interested in informal resolution should communicate that request to the Title IX Coordinator.

If the complainant requests informal resolution, the University will make reasonable efforts to facilitate it. Informal resolution is strictly voluntary. No one, whether complainant or accused, will be compelled to participate in any mediation or other informal resolution. Further, informal resolution efforts always will be supervised by a properly-trained person, such as an administrator or counselor.

Informal resolution is never appropriate in cases of alleged sexual assault or physical violence. In addition, the University may determine that other claims are sufficiently serious that informal resolution would be inappropriate. In such cases, the matter will be resolved through formal adjudication. If at any point either party wishes to end informal resolution efforts, they should communicate that fact to the Title IX Coordinator and formal adjudication proceedings will begin. If after informal efforts have concluded, either party is not satisfied with the result, they should promptly communicate the same to the Title IX Coordinator and formal adjudication proceedings will begin.

X. Assistance and Support

The University is committed to ensuring that those who report sexual misconduct receive appropriate assistance. The Title IX Coordinator or a designee will inform complainants of their options during the initial investigation of a report, as outlined earlier in this policy, and will work with complainants to identify appropriate assistance and contact persons.

Additionally, to the extent feasible, the University will endeavor to provide reasonable accommodations to those who seek confidential assistance through the resources outlined in this policy. Options for assistance and support include:

Student Counseling Services

Students who have experienced sexual assault or other misconduct can receive both immediate assistance and longer-term counseling through Student Counseling Services. Information shared with Student Counseling Services staff is confidential, and will be relayed to University officials only with the express permission of the student. Counselors are trained to help students experiencing trauma related to sexual assault, domestic violence, harassment, and other misconduct.

To contact Student Counseling Services between 8:00 a.m. and 5:00 p.m., Monday through Friday, call 662-325-2091 or come by in person to 115C Hathorn Hall. After hours or on weekends, call the Campus Safe Line at 662-325-3333.

Sexual Assault Advocate

Student Counseling Services employs Sexual Assault Advocates (SAAs) to guide victims through the process of receiving assistance following sexual misconduct. When a person reports sexual assault or other sexual violence to the University via this policy, the SAA will be alerted promptly and placed in contact.

The SAA can provide assistance on a wide range of issues, from seeking immediate medical attention and/or a Physical Evidence Recovery Kit (PERK) to seeking housing or academic accommodations.

University Health Services

The Longest Student Health Center provides medical care, including emergency care, to members of the University community. Information shared with Health Center staff, including information pertaining to sexual assault or other misconduct, is confidential. To contact the Student Health Center between 8:00 a.m. and 5:00 p.m. on Monday through Friday, call 662-325-2431. For after-hours medical advice, contact Nurselink at 800-882-6274. For medical emergencies, call 911.

Sexual Assault Response Team (SART)

Mississippi State University’s Sexual Assault Response Team (SART) is a team of university professionals who provide support to students who have experienced sexual violence. The SART’s mission is to activate a comprehensive response to empower individuals impacted by sexual violence.

SART’s members come from a range of departments and offices of the University to ensure that the victim’s needs can be met, whatever they may be. These include Student Counseling Services, University Health Services, Housing & Residence Life, the Dean of Students Office, and the University Police Department.

Where a person reports sexual misconduct under this policy, the Title IX Coordinator or a designee can contact the members of SART to formulate an appropriate plan for interim assistance.

XI. Training, Education and Awareness

The University’s policy is to provide ongoing training and education to all students and employees on the provisions of this policy and their duties under it. Training and education programs will include, without limitation:

- A clear statement of the University’s prohibition of sexual misconduct, including sexual assault, dating violence, and stalking.

- Information designed to enhance awareness of rape, acquaintance rape, domestic violence, dating violence, and stalking.

- Information on the definition of consent.

- Information on bystander intervention strategies to safely prevent harm where a threat of sexual misconduct exists.
- Information on risk reduction, recognizing signs of abusive behavior, and avoiding potential attacks.

The Title IX Coordinator will oversee and monitor the University’s training and education efforts to ensure their adequacy for these purposes and their compliance with applicable laws. For information on training, education, and awareness programs available at MSU, please contact the Title IX Coordinator.

XII. Recordkeeping, Disclosures and Confidentiality

No information derived from proceedings under this policy shall be released except as permitted or required by law and University policy. As discussed above, in the context of an investigation under this policy, information will be disclosed only to those individuals with a genuine need to know.

Clergy Act Records and Notifications

Under the Clergy Act, the University is required to maintain records and report annually on certain offenses occurring on campus. Clergy reports do not, however, include the names or any other identifying information about the persons involved in any incident.

If a report of sexual misconduct discloses an immediate threat, the University may issue a notification to protect the health or safety of the community. The University may also share non-identifying information about reports received in aggregate form, including data about outcomes and sanctions. At no time will the University release the name of the complainant to the general public without the express consent of the complainant or as otherwise permitted or required by law.

FERPA Privacy Protections

Under the Family Educational Rights and Privacy Act (FERPA), identifying information about a complainant, respondent, or reporter who is a student will not be disclosed to third parties unaffiliated with the University, except in response to a lawfully issued subpoena or court order, or as otherwise required or allowed by law.

However, if in connection with a University investigation of alleged sexual misconduct, an accused party requests to view records relating specifically to the accused party, the University may be required to grant the request. In such cases, the University will redact all personally identifying information to the extent permitted or required by law.

Mississippi Public Records Act

Incident reports prepared by the University Police Department may be considered public records under the Mississippi Public Records Act (MPRA) and may not be protected by FERPA. This means the University may be required to make them available for inspection upon request. All such requests must be made pursuant to the University’s Public Records Request Procedure (OP 6.04) and reviewed by the Office of General Counsel. To the extent any incident report is subject to disclosure, the University will redact the victim’s personally identifying information to the extent permitted by law.

XIII. Coordination with Other Policies

Amorous Relationships (OP 01.28)

- University policy prohibits employees and students from entering into any amorous and/or sexual relationship in which one person is in a position of power over the other, as this creates an inherent conflict of interest. If such a relationship develops, the participant in the position of authority is required to inform his or her immediate supervisor or Human Resources Management of the relationship, so that the positional conflict can be eliminated.

- The University’s amorous relationship policy is violated even if an unreported power differential relationship and any accompanying sexual activity are consensual. Conversely, a person’s authority over another in an employment, academic, or other setting may be relevant to whether sexual activity involved coercion, which would render any consent ineffective.

Non-Discrimination and Anti-Harassment (OP 03.03)

- As discussed above in Part VI, harassing conduct in the workplace may violate both this policy and the Non-Discrimination and Anti-Harassment Policy.

- When reporting workplace harassment that does not involve sexual assault or other violence, employees should follow the reporting procedures contained in Operating Policy 03.03. Alternatively, if workplace conduct does involve sexual assault or other violence, employees should follow the procedures in this policy. To simplify matters, in either case, reporting to the Title IX Coordinator or the Chief Human Resources Officer is both sufficient and recommended.

- Where this policy differs from Operating Policy 3.03, or imposes additional requirements, this policy will control.

Termination of Employment (OP 60.113)

- Where termination proceedings are based on a violation of this policy, both the procedures herein and in Operating Policy 60.113 will apply. Where the two policies differ, this policy will control.

- Nothing in this policy limits the grounds upon which a person’s employment with the University may be terminated. Under certain circumstances, sexual behavior that does not meet the definition of sexual misconduct under this policy may nonetheless provide cause for termination or other discipline. The procedural steps outlined herein apply only where an employee is charged with a violation of this policy.

Code of Student Conduct (91.100)

- To the extent the provisions of this policy differ from those of
the Code of Student Conduct, this policy will control in cases of alleged sexual misconduct.

The state of Mississippi maintains a statewide sex offenders registry. This web address allows you to search by county for sex offenders in the MSU and surrounding area. Mississippi’s sex offender registry statute requires all sex offenders to register. The sheriff of each county maintains sex offender registration information for that country and forwards it to the Department of Public Safety. To obtain Mississippi Sex Offender info, go to the following web address: sor.mdps.state.ms.us.

XIV. Questions About This Policy

Anyone with questions about the provisions of this policy should contact the University’s Title IX Coordinator, Brett Harvey, at titleix@msstate.edu or 662-325-8124.

XV. Review

This policy will be reviewed by the Provost and Executive Vice President every two years or whenever circumstances require immediate review.
**MSU CRISIS ACTION TEAM**

The MSU Crisis Action Team (the “CAT Team”) includes university representatives from the President’s Office, the Provost’s Office, the Vice President of Student Affairs’ Office, The Vice President of Campus Services’ Office, the Dean of Student’s Office, the MSU Police Department, the Department of Housing and Residence Life, University Relations, and Information Technology Services. The CAT Team is charged with providing leadership and a coordinated response during emergency situations.

**TIMELY WARNING POLICY**

The MSU CAT Team is responsible for preparing a timely warning when a crime is reported to or brought to the attention of the MSUPD and that crime represents a threat to the safety of members of the campus community.

Timely warnings are provided to give students, faculty, and staff timely notification of crimes that may present a threat to the campus community and to heighten safety awareness.

Timely warnings will be e-mailed to official university e-mail addresses, posted on the MSU website (msstate.edu), widely distributed throughout campus, and, to the extent possible, posted in off-campus areas frequented by students. The CAT Team will attempt to release the report within 12 hours of the time the subject incident is reported; however, the timing of the release is subject to the availability of accurate facts concerning the incident.

**TIMELY WARNING PROCEDURE**

The MSU CAT Team will prepare a timely warning when a report is received of a violent crime against a person or a particularly threatening crime against property on campus that represents an ongoing danger to the safety of students, faculty, and staff.

Information for timely warnings may come from MSUPD or from other law enforcement agencies or other sources. Timely warnings provide details of the crime, a description of the suspect (if known), information on whom to contact about the investigation, possible connection to previous incidents, and often crime prevention tips.

Whenever local law enforcements agencies issue a news release about an off-campus crime that represents an ongoing threat to the safety of students, faculty, and staff, the university will assist in publicizing that crime to the University community.

**EMERGENCY NOTIFICATION (MAROON ALERT) PROCEDURES**

In the event of an emergency, the Crisis Action Team will determine the appropriate emergency notification systems to be used to deliver the emergency notification message to the campus community. MSU may use any or all communication resources to disseminate information depending on the nature of the emergency and the surrounding circumstances. The process of issuing an emergency notification begins by confirming there is a significant emergency or dangerous situation. University personnel verify information and the existence of a significant emergency or dangerous situation. This occurs by collecting and assimilating information from firsthand accounts, from uniformed officers in the field, and through the use of surveillance technologies such as alarm systems. Alarm systems are monitored by the MSU Police Department 24 hours a day, 7 days a week. In some locations, cameras can be reviewed in the event of an emergency.

Upon verification, dispatch personnel contact leadership within the Crisis Action Team to pass along specific information about the emergency or dangerous situation. Once the Crisis Action Team determines the event’s significance and the populations it may impact, leadership begins the process of issuing emergency notifications.

Upon determination of the notification’s content, systems utilized to transmit emergency notifications are selected and activated to deliver the information relating to the emergency to the potentially affected end user within the MSU community. These systems are described beginning in the next section.

Mississippi State University will, without delay, and taking into account the safety of the community, determine the content of the notification and initiate the notification system or systems, unless issuing a notification will, in the professional judgment of responsible authorities, compromise the efforts to assist a victim or to contain, respond to, or otherwise mitigate an emergency.

Information pertaining to incidents and emergencies on campus will be disseminated to the larger public via media organizations through University Relations or individuals involved in emergency response on campus as designated by the Crisis Action Incident Commander.

**HOW TO SIGN UP FOR MAROON ALERT**

Mississippi State University encourages all students, faculty, and staff to sign up for the emergency notification system known as Maroon Alert System. To receive Maroon Alert text messages on your cell phone, you must provide your cell phone number to the MyBanner system.
The procedure is as follows:

- Log in to MyState.
- Click on Personal Information.
- Click on Update Maroon Alert Information.
- Select "I want to receive Maroon Alert text messages."
- Enter your cell phone number in the Maroon Alert cell phone number field.
- Click on Update/Verify Maroon Alert Information to save this information.

The cell phone number that you entered will be used for text message notifications in the event of a campus emergency, as well as periodic tests of the Maroon Alert system. It will not be published in the campus directory. Notification will be based upon best effort. Successful delivery of all messages cannot be guaranteed.

You are also encouraged to follow @maroonalert on Twitter for up to date information.

WHAT TO DO IN AN EMERGENCY

In case of a campus emergency, administration will activate the Maroon Alert system and begin to communicate with the university community using appropriate media including:

- The Web page at emergency.msstate.edu (yellow banner on the home page)
- Text messaging on participating cell phones
- Instant Messenger
- E-mail using the student's or employee's official e-mail address
- Campus radio station WMSV 91.1-FM
- Campus loudspeaker announcements and weather sirens
- The HOT LINE 325-5555 (activated only during emergency)
- @maroonalert on Twitter

MSU has its own nationally accredited police department. Fire/rescue service to the campus is provided through contract with the Starkville Fire Department. Ambulance and emergency medical service is provided throughout the county by OCH Regional Medical Center. The Starkville Police Department and the Oktibbeha County Sheriff’s Office will support our police department with assistance, as needed. The Oktibbeha County Chapter of the American Red Cross stands ready to assist with disaster relief.

SEVERE WEATHER PROCEDURES

In the event of inclement weather, MSU will monitor conditions and will, where deemed necessary by the CAT team, alert the University community of any applicable weather watches or warnings.

- A tornado watch is issued to alert the public that conditions are favorable for the development of tornadoes in and close to the watch area. These watches are issued with information concerning the watch area and the length of time they are in effect.

- A tornado warning means that a tornado actually has been sighted by spotters, is indicated on radar and is occurring, or is imminent in the warning area.

- Sirens will be activated if a tornado actually has been sighted in the surrounding area.
- Building personnel should listen for the emergency siren. Radios should be monitored in administrative offices.

Tornado Protection Procedures:

- When you hear a siren, it is imperative to seek shelter in the nearest building.
- Keep away from doors and windows.
- Stay calm.
- When a tornado approaches, you should assume a kneeling position facing the wall and cover your head with your arms.
- Clear all classrooms and residential rooms. Secure all laboratories to include shutting off gas burners and equipment that could cause additional health and safety concerns.
- DO NOT GO TO YOUR VEHICLE during a tornado siren. Vehicles do not provide adequate shelter, and roadways need to be kept clear for use by police and
To protect our campus population from the effects of emergencies, protective action recommendations or evacuation instructions may be issued by the Crisis Action Team and other emergency response authorities (e.g., Starkville Fire Department). These instructions may order evacuations for individual buildings or regions of campus, or they could be campus-wide. If an evacuation of the entire MSU campus is ordered by the Crisis Action Team, it is important to follow evacuation instructions disseminated through the communication systems used to inform the campus of an emergency. It is likely that traffic routes may be altered, some areas of campus may already be inaccessible, and travel off-campus may require the use of public transportation or other arrangements.

It is important to remember that evacuations are issued only if the safety and well-being of the MSU community is at serious risk. MSU asks that you work together and assist each other during evacuations, and that you follow all instructions and guidance from university officials and first responders. Building-specific evacuation procedures vary by building. We encourage all individuals on campus to familiarize themselves with evacuation procedures in the buildings they occupy. Specific evacuation information can be obtained from posted procedures, or by viewing the Emergency Operations Policy online at msstate.edu/dept/audit/0104.html. If assistance is required to learn more about building-specific evacuation procedures, please contact the MSUPD at 662-325-2121 (Starkville) or 601-484-0199 (Meridian).

TESTING AND EXERCISES

Exercises designed to test MSU’s emergency procedures and preparedness are conducted at least annually at MSU and may be conducted in the form of a drill, tabletop, functional, or full-scale exercise. These exercises often include not only MSU personnel but also surrounding jurisdiction first responders and government agencies, as well as members of the MSU community. The Crisis Action Team documents a description of each exercise as well as the date and time of the exercise and information about whether the test was announced or unannounced.

MSU publishes its emergency notification, response and evacuation procedures annually in this report and also publicizes the emergency response and evacuation procedures in conjunction with at least one test of those procedures per calendar year. In addition, students receive at least one email each year providing details on where they can find additional information on emergency and evacuation procedures. This information is repeated, multiple times throughout the year, to various audiences by members of the public safety community. Information is also posted at emergency.msstate.edu.

The Crisis Action Team works closely with the Oktibbeha County Emergency Management Agency and the State of Mississippi Emergency Management Agency.
MISSING STUDENT AND STUDENT DEATH OR SERIOUS INJURY

STUDENT DEATH OR SERIOUS INJURY

In the event of the death or serious injury of a currently enrolled student, an official notification will be issued by the Dean of Students’ Office. Records pertaining to this student will be restricted by the Office of the Registrar, and no grade will be submitted for the student. Faculty or staff members receiving information that a currently enrolled student has died or been seriously injured are asked to contact the Dean of Students’ Office (662-325-3611). The Dean of Students’ Office will verify such reports with appropriate officials and issue official notifications to the campus community.

MISSING STUDENT

If a member of the MSU community has reason to believe that an MSU student who resides in on-campus housing has been missing for at least 24 hours, he or she should promptly contact the Department of Housing and Residence Life at 662-325-3555 and/or the MSU Police at 662-325-2121.

Each student who resides in on-campus housing may register contact information for the person to be notified in the event the student is determined to be missing. Student contact information will be registered confidentially, and will be accessible only to authorized university officials and may not be disclosed except to law enforcement personnel in furtherance of a missing person investigation. Information may be amended or supplemented by contacting the Department of Housing and Residence Life. For more information, please visit (http://www.housing.msstate.edu/) or call Department of Housing at 662-325-3555. The Department of Housing and Residence Life will immediately notify the Dean of Students Office, the MSU Police Department, and/or other appropriate law enforcement agencies upon receipt of a missing student report. If the Dean of Students Office and/or the Mississippi State University Police Department (or applicable law enforcement agency) makes a determination that a student is missing, emergency contact procedures will be initiated within 24 hours in accordance with the student’s designation.

In addition, the following university officials or their designees will be notified:
• Dean of Students
• Director of Housing and Residence Life

If a missing student is under 18 years of age and is not emancipated, MSU is required to notify his or her custodial parent or guardian within 24 hours after the student is determined to be missing, in addition to notifying any additional contact person designated by the student.

UNIVERSITY POLICY ON WEAPONS, ALCOHOL, ILLEGAL DRUGS, AND TOBACCO

WEAPONS ON CAMPUS

The possession of any weapon on campus is of serious concern to the university. Under most circumstances, possession of a weapon is a violation of university policy and state law. Any individual found in possession of a weapon may be subject to arrest and confiscation of the weapon. Additionally, students face immediate suspension from classes pending a disciplinary hearing, and faculty and staff may be subject to disciplinary action up to and including termination of employment. Students must make other arrangements to store weapons at an off-campus location.

PHILOSOPHICAL STATEMENT FOR ALCOHOL AND ILLEGAL DRUGS

The University prohibits the unlawful possession, use, or distribution of illicit drugs and alcohol on University property or as part of any University activity. Students or employees failing to observe the drug and alcohol policy will be subject to the imposition of sanctions by the University in accordance with established disciplinary action procedures. For students sanctions may include suspension or expulsion. For employees, sanctions may include separation of employment. In addition to University sanctions, any student or employee found in violation of the drug and alcohol policy may be referred to the appropriate authorities.
for prosecution. (See University policy 60.120-Drug-Free Campus 
policies.msstate.edu/policypdfs/60120.pdf).

REGULATIONS GOVERNING ALCOHOLIC BEVERAGES & ILLEGAL DRUGS

University employees expect to work in a drug-free environment. The University expects its employees to be free from the effects of alcohol and drugs while on the job or in the workplace. A drug and alcohol policy has been implemented and conducts a testing program pursuant to Sections 71-7-1, et seq., of the Mississippi Code of 1972, Ann., entitled “Drug and Alcohol Testing of Employees” (hereinafter referred to as “the Act”), and all employees are advised of the existence of said Act. The use and abuse of illegal drugs and alcohol is a serious and growing problem throughout the United States. A substance abuse policy and substance abuse testing policy has been implemented in response to concern that the use and abuse of illegal drugs and alcohol by employees in and applicants for certain employment, presents among other things, serious safety and security risks. The Mississippi Legislature has supported the implementation of drug and alcohol free workplace policies by enacting the Act.

MSU policy 60.118-Drug and Alcohol Free Workplace (http://www.policies.msstate.edu/policypdfs/60118.pdf) is intended as a vehicle to aid in meeting these expectations. Regulations governing alcohol beverages and illegal drugs, including testing, is included in this policy. An employee that reports to work while under the influence of alcohol or illegal drugs is in violation of this policy. This inappropriate behavior should be reported to the appropriate HRM Generalist in the Department of Human Resources Management.

If an employee believes that he or she has a problem with alcohol or drugs or if substance abuse is causing problems in his or her life, that employee is encouraged to take advantage of the University’s Employee Assistance Program (EAP). This program provides counseling and access to external resources. Many of the resources are at no cost to the employee. Additional information on this program is available at http://hrm.msstate.edu/benefits/eap/. Additional training materials on drug and alcohol abuse are available for employees and supervisors on the Human Resources web site at http://hrm.msstate.edu/development/onlinecourses/.

Applicants and employees who are required to possess a commercial driver’s license are subject to additional federal regulations and procedures as listed in University policy 60.121-Controlled Substance and Alcohol Use Testing of Employees with a Commercial Driver’s License. Employees working in sensitive positions in grants and contracts funded by the Department of Defense (DOD) or are in positions requiring security clearance are subject to additional federal regulations and procedures as listed in University policy 60.119-Drug Free Workforce (http://www.policies.msstate.edu/policypdfs/60119.pdf).

MSU Students are governed by the Code of Student Conduct (OP 91.100 - http://www.policies.msstate.edu/policypdfs/91100.pdf), which sets forth prohibited conduct (including conduct related to unlawful alcohol activities as well as unlawful drug activity, along with other non-related actions). The policy provides for a range of sanctions, up to and including expulsion from the university upon a finding of responsibility following a hearing in accordance with the policy.

Copies of all drug and alcohol related policies are available at policies.msstate.edu.

HEALTH RISKS OF DRUGS AND ALCOHOL

MSU recognizes and encourages its students, faculty, and staff to recognize that the use, misuse, and abuse of alcohol and other drugs, both legal and illegal, can have serious consequences to health and well-being. Health risks include such problems as behavior changes, impaired judgment and coordination, damage to the liver and brain, respiratory difficulties, insomnia, loss or increase of appetite, illusions and hallucinations, relaxed inhibitions, convulsions, coma, and possible death. Alcohol and other drugs can lead to psychological and/or physiological dependence and addiction. Information on some of the health risks associated with alcohol is summarized below. More information is available from the Department of Health Promotion and Wellness (https://www.health.msstate.edu/health/index.php).

Alcohol is a central nervous system depressant that can impair coordination, inhibitions, self-control, memory, judgment, and reflexes. Large quantities may produce staggering, slurred speech, mood changes, unconsciousness, and possibly death. Prolonged use can damage many organs of the body including the heart, liver, stomach, and pancreas.

Marijuana can increase heart rate, interfere with sexual development, may cause a reduction in male fertility and disrupt the female menstrual cycle. In can increase the risk of disease/damage to the respiratory system, impair hand-eye coordination and other essential functions needed to operate a motor vehicle safely. It can also impair the immune system. Cocaine can cause feelings of depression, inability, impatience and pessimism. It can also cause severe weight loss, anxiety, hallucinations, increased heart rate and blood pressure. Cocaine has caused death by convulsion, failure of the respiratory system, and heart attack.

“Club drugs” such as MDMA (Ecstasy), GHB, LSD, Rohypnol, Ketamine and Methamphetamine can cause serious health problems and possibly death. Many of these drugs are tasteless and odorless. The chemicals, drug sources and pharmaceutical agents used to manufacture these drugs often vary, making it difficult to determine all of the effects, symptoms and health risks associated with them. Confusion, depression, impaired motor function, amnesia, psychotic behavior, cardiac failure, and permanent neurological and organ damage are some known
effects associated with the use of these drugs.

Over-the-counter and prescription drugs can also cause drug tolerance, dependence, and addiction. The potential for misuse and abuse is increased with these drugs as they are more easily obtainable and are safer in terms of ingredients and manufacturing. Misuse and abuse occurs when the user does not follow usage instructions, related to dosage and frequency, and when the drugs are used for self-medication without medical supervision.

Interactions between various drugs, legal and illegal, also may have serious consequences. Various combinations of drugs may work at cross purposes within the body, and the combined effects of two or more drugs may be more potent that the effect of a single drug.

**DRUG EDUCATION PROGRAM**

Mississippi State University has a program of education designed to help all members of the university community avoid involvement with illegal drugs. Education programs:

1. Provide a system of accurate, current information exchange for students, faculty, and staff on the health risks and symptoms of drug use.
2. Promote and support institutional activity programming that discourages substance abuse.
3. Establish collaborative relationships between community groups, agencies, and the institution for education, treatment, and referral.
4. Provide training programs for students, faculty, and staff to enable them to detect problems related to drug use and to refer persons with these problems to appropriate sources for assistance.
5. Include information about drugs for students and family members in the student orientation programs. The use of prescription and over-the-counter drugs will be addressed.
6. Support and encourage faculty in incorporating education about drugs into the curriculum, where appropriate.
7. Develop a coordinated effort across campus for drug-related education, treatment, and referral.

Educational programs take a number of different formats and range from displays and presentations to lectures and interactive assessments. The following programs occurred or were available during 2016.

**Program Descriptions**

**“Alcohol and You” Presentation**
This 30-minute presentation is designed to educate undergraduate students about responsible versus irresponsible alcohol consumption, consequences of irresponsible alcohol consumption, what is happening in the body during a “hangover,” the definition of a standard alcoholic drink, intoxication rate factors, signs of alcohol poisoning, and additional resources for further exploration of personal alcohol use and habits. The “Alcohol and You” Presentation has been delivered to a widespread number of student groups, and it has been adapted, added to, and tailored to fit the requested needs of each group. This presentation has been given to classes, Greek groups, residents, and Resident Advisors.

**Responsible Alcohol Use – March 9, 2016 – Spring Break Expo**
Students participated in various activities to learn about alcohol: standard drink sizes, BAC, effects of alcohol, and what to do in the event of alcohol poisoning. Students could select a trivia question from the table or throw a bean bag in a bucket while wearing Drunk Goggles for a color changing standard drink size cup. Literature was also available on a wide variety of alcohol and drug topics to encourage responsible alcohol use when on Spring Break.

**Training for Intervention ProcedureS (TIPS) University**
TIPS is a 2.5 hour program that helps students make sound choices when faced with difficult decisions about alcohol use. It provides students with the knowledge and confidence necessary to reduce high-risk drinking behavior among their peers. TIPS helps students learn decision-making skills and build confidence and interpersonal skills to intervene to prevent alcohol-related incidents. In the summer of 2016, the Department of Health Promotion and Wellness was requested to provide TIPS training to Residence Hall Directors.

**“Alcohol: What You Need to Know” Presentation**
This 30-minute presentation is designed to educate undergraduate students about responsible versus irresponsible alcohol consumption, consequences of irresponsible alcohol consumption, what is happening in the body during a “hangover,” the definition of a standard alcoholic drink, intoxication rate factors, signs of alcohol poisoning, and additional resources for further exploration of personal alcohol use and habits. The “Alcohol: What You Need to Know” Presentation has been delivered to a widespread number of student groups, and it has been adapted, added to, and tailored to fit the requested needs of each group. This presentation has been given to classes, Greek groups, residents, and Resident Advisors.

**Goal-Driven Alcohol/Drug Intervention Network (G.A.I.N.) - Alcohol**
G.A.I.N. is the Health Promotion and Wellness department's motivational interviewing program for alcohol use. G.A.I.N. uses a harm reduction approach to alcohol abuse. The goal of G.A.I.N. is to reduce levels for alcohol consumption and negative consequences associated with moderate to high-risk drinking. It is a program designed for any student who wants to learn more about his/her drinking habits and how to avoid possible negative consequences. Participating in G.A.I.N. requires 2 appointments, with each lasting about 30 minutes. In the first appointment, students complete self-report measures about their alcohol use and what they perceive to be the use of other MSU students. The second appointment consists of an individualized motivational interviewing session conducted by a HPW staff member who has been trained in MI techniques. Students may refer themselves to this program, be referred by a campus entity, be required to complete the program as part of a court order, or may complete the program for class extra credit.

**Marijuana 101 Presentation**
This 30-minute presentation provides an introduction to cannabis including the legality of marijuana, the habitual nature of marijuana use, marijuana’s effects on sleep, driving, and academics, and the components of marijuana (THC versus CBD). Lastly, the presentation provides social norming statistics of MSU students to help clarify perceptions MSU students have regarding cannabis use. In addition to the Marijuana 101 presentations that were provided in all Resident Zones and in multiple classrooms, HPW created Marijuana Fact vs. Myth posters and handbills to share with students.

**Goal-Driven Alcohol/Drug Intervention Network (G.A.I.N.) - Marijuana**
In the fall of 2016, the MSU Dean of Students Office began referring students with marijuana sanctions to the HPW GAIN – Marijuana program. GAIN – Marijuana operates in a similar fashion to GAIN – Alcohol. Students complete an online assessment of their marijuana use and a readiness-to-change questionnaire. One week later, the student meets with the trained HPW staff to review the feedback report generated from their assessment as well as set goals to moderate their marijuana use. The goal of GAIN – Marijuana is to educate students on the effects of marijuana and help them address how marijuana is negatively affecting them. The program also provides realistic strategies to help them reduce and ultimately eliminate marijuana from their life.

**Displays and Campaigns – Various Topics**
The Health Promotion and Wellness department offers interactive tri-fold displays on various alcohol and drug-related topics throughout the academic year. High-traffic areas are chosen for display locations in order to reach the most students. Topics are selected based on their relevance; for example, Adderall displays typically occurred around the time of mid-terms and final exams.

**Screen U Alcohol, Marijuana, and Prescription Drugs**
Screen U is a web-based screening tool that is brief and personalized to the resources available on the MSU campus. It is used throughout campus to help raise awareness among students of their individual alcohol, marijuana, and/or prescription drug use and connect them with relevant resources on MSU's campus based on the responses they provide on the screening. In the fall, ScreenU was incorporated into the IKnowMaroon series provided by The Student Success department for freshman. Students were given a 3-page document on alcohol information including the link to ScreenU to complete a personal, confidential screening.
COUNSELING AND REHABILITATION

Mississippi State University provides information about drug counseling and rehabilitation services available to members of the university community. Persons who voluntarily avail themselves of university services shall be assured that applicable professional standards of confidentiality will be observed. Counseling and rehabilitation services include:

1. Training for professional staff and student staff on drug abuse information, intervention, and referral.
2. Education programs for students who have demonstrated abusive behavior with drugs.
3. Drug abuse assessments.
4. Individual and group counseling for students through Student Counseling Services.
5. Referral and follow-up for employees in collaboration with the appropriate HRM Generalist in the Department of Human Resources Management.
6. Campus self-help groups.
7. Consultation, information, and referral for students, staff, and faculty with drug problems.
8. Counseling services available for non-student employees and their family members are available through the University's Employee Assistance Program (EAP). Additional information on this program is available at http://hrm.msstate.edu/benefits/eap/.

COUNSELING CENTER

Student Counseling Services supports the academic mission of Mississippi State University by facilitating the social, psychological, and academic functioning of students. In pursuit of this objective, we offer a variety of direct student services ranging from preventative psycho-educational programming, student mentoring, supportive counseling, group counseling, intensive psychotherapy, and 24 hour crisis intervention. More information about MSU’s counseling center and services available can be found at http://www.health.msstate.edu/scs/.

COLLEGIATE RECOVERY COMMUNITY

The Collegiate Recovery Community (recovery.msstate.edu) offers comprehensive support services for recovering students. Housed within the Department of Health Promotion and Wellness, the CRC provides the programs and initiatives needed to enhance a student's recovery program. The CRC embraces a wellness approach to recovery, choosing to focus on recovery enhancement as the best way to prevent relapse.

SMOKE FREE CAMPUS

Mississippi State University is a smoke free campus, which means that smoking in any form is prohibited on the campus. For information about services to assist in smoking cessation, please visit smokefree.msstate.edu.

PARENTAL NOTIFICATION FOR STUDENT ALCOHOL AND DRUG VIOLATIONS

In accordance with OP 91.119, students under the age of 21 who are found to be in violation of Mississippi State University’s alcohol policy will have a letter sent to their parents or legal guardians informing them of the violation.

Likewise, students who are found to be in violation of MSU’s drug policy will have a letter sent to their parents or legal guardians informing them of the violation.
SAFETY TIPS AND CRIME PREVENTION INFORMATION

• Always plan the safest route to your destination.
• LOCK YOUR DOORS! Many burglaries and thefts take place because of an unlocked residence hall or apartment door.
• Let others know where you are going and when you will return.
• Walk with a companion whenever possible.
• Use public walkways and stay in well-lit and traveled areas.
• When walking, take note of potential hiding spots and use caution as you approach them.
• Avoid carrying large amounts of cash.
• Remain aware of your surroundings.
• If you feel uncomfortable in a situation, leave as soon as possible.
• Call for an escort in the evening.

• Always lock your vehicle doors, even while you are driving.
• Park in well lit areas and remove valuables from sight.
• Be familiar with the location of emergency (blue light) phones and know how they are used.
• Register and lock your bike.
• Register your valuables at the Mississippi State University Police Department.
• Take advantage of crime prevention programs through the Mississippi State University Police Department.

CRIME STATISTICS

Mississippi State University has voluntarily reported campus crime statistics through the UCR or NIBRS systems since 1972. Crime statistics for the most recent three-year period follow.

LOCATION DEFINITIONS

On-campus: Any building or property owned or controlled by MSU within the same reasonably contiguous geographic area and used by the institution in direct support of, or in a manner related to, MSU’s educational purposes, including residence halls; and Any building or property that is within or reasonably contiguous to the area identified above, that is owned by the institution but controlled by another person, is frequently used by students, and supports institutional purposes (such as a food or other retail vendor).

On-campus Student Housing (On-campus Residence Halls): Any student housing facility that is owned or controlled by MSU, or is located on property that is owned or controlled by MSU, and is within the reasonably contiguous geographic area that makes up the campus is considered an on-campus student housing facility.

Non-Campus Buildings and Property: Any building or property owned or controlled by a student organization that is officially recognized by MSU; or any building or property owned or controlled by MSU that is used in direct support of, or in relation to, MSU’s educational purposes, is frequently used by students, and is not within the same reasonably contiguous geographic area of the institution.

Public Property: All public property, including thoroughfares, streets, sidewalks, and parking facilities, that is within the campus, or immediately adjacent to and accessible from the campus.

CAMPUS SAFETY AND SECURITY - CLERY ACT

We are pleased to share the following information with you as part of our continued efforts to provide a safe campus. We are required to provide this information about safety on campus to comply with the federal law known as the “Student Right to Know and Campus Security Act of 1990.” The Act applies to every institution of higher education that receives federal financial aid. Title II of the Clery Act was called the “Campus Crime Awareness and Campus Security Act of 1990.” It requires institutions of higher education to distribute to all current students and employees, and applicants for enrollment or employment, two types of information: (1) Descriptions of policies related to campus security, and (2) Statistics concerning specific types of crimes. Amendments enacted in 1998 renamed Title II, and it is now known as the “Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act.” The amendments require the disclosure of crimes that are reported to police and campus officials other than police, along with a breakdown of locations of criminal activity to be specified as on-campus, non-campus, residence hall, or public property.
**CLERY ACT REPORTABLE CRIMES / DEFINITIONS**

**Clery Act Crimes (Section 1)**

**MURDER**  
The willful (non-negligent) killing of a human being by another

**MANSLAUGHTER**  
The killing of another person through gross negligence

**RAPE**  
The penetration, no matter how slight, of the vagina or anus, with any body part or object, or oral penetration by a sex organ of another person, without the consent of the victim. This offense includes the rape of both males and females.

**FONDLING**  
The touching of the private body parts of another person for the purpose of sexual gratification, without the consent of the victim, including instances where the victim is incapable of giving consent because of his/her age or because of his/her temporary or permanent mental incapacity.

**INCEST**  
Sexual intercourse between persons who are related to one another within the degrees wherein marriage is prohibited

**STATUTORY RAPE**  
Intercourse with a person who is under the age of consent—18 years

**ROBBERY**  
The taking of personal property in the possession of another, from his/her immediate presence, and against his/her will, accomplished by means of force or fear (Includes attempts)

**AGGRAVATED ASSAULT**  
An unlawful assault upon the person of another for the purpose of inflicting severe or aggravated bodily injury (Includes attempts, and whether or not an injury occurred.)

**BURGLARY**  
The unlawful entry (or attempts to enter) into a defined structure with the intent to commit a theft or any felony (Excludes vehicle burglary)

**MOTOR VEHICLE THEFT**  
The taking of a motor vehicle (as defined) without the consent of the owner with the intent to either permanently or temporarily deprive the owner of the vehicle (Includes attempts)

**ARSON**  
The willful or malicious burning of attempt to burn (w/o the intent to defraud) a dwelling, house, public building, motor vehicle or aircraft, or personal property of another (Includes attempts)

**Clery Act Reportable Arrests (Section 2)**

**DRUG/NARCOTIC VIOLATIONS**  
The unlawful cultivation, manufacture, distribution, sale, purchase, use, possession, transportation or importation of any controlled drug or narcotic substance

**ALCOHOL VIOLATIONS**  
The unlawful possession, sale, transportation, manufacturing, furnishing alcohol to a minor (under 21 years), or maintaining an unlawful drinking place. The Clery Act does not require the reporting of public drunkenness or driving while under the influence offenses.

**WEAPONS VIOLATION**  
The unlawful possession or control of any firearm, deadly weapon, illegal knife or explosive device while on the property of Mississippi State University.

**Clery Act Hate Crimes (Section 3)**

**HATE CRIMES**  
A criminal act involving one/more of the crimes listed in Section 1, the crimes of Theft, Simple Assault, Intimidation or Vandalism, or any other crime involving bodily injury which: was motivated by bias against any person or group of persons, or the property of any person or group of persons because of the ethnicity, race, national origin, religion, gender, sexual orientation, or disability of the person or group, or bias based upon the perception that the person or group has one or more of those characteristics.

**THEFT (LARCENY)**  
Includes the crimes of pocket picking, purse snatching, shoplifting, theft from building, theft from coin operated machine or device, theft from motor vehicle parts or accessories, and all other larceny.

**SIMPLE ASSAULT**  
An unlawful physical attack by one person upon another where neither the offender displays a weapon, nor the victim suffers obvious severe or aggravated bodily injury involving apparent broken bones, loss of teeth, possible internal injury, severe laceration or loss of consciousness.

**INTIMIDATION**  
To unlawfully place another person in reasonable fear of bodily harm through the use of threatening words and/or other conduct but without displaying a weapon or subjecting the victim to a physical attack.

**VANDALISM**  
To willfully or maliciously destroy, damage, deface, or otherwise injure real or personal property without the consent of the owner or the person having custody or control of it.
# Represents police agencies having jurisdiction in and around campus including: Oktibbeha County Sheriff’s Department, Starkville Police Department and Mississippi Highway Patrol.

^ No Data given by local agencies for these years.

VIOLENCE AGAINST WOMEN ACT - DEFINITIONS

DOMESTIC VIOLENCE
Domestic violence means a felony or misdemeanor crime of violence committed by:
A. a current or former spouse or intimate partner of the victim,
B. a person with whom the victim shares a child in common,
C. a person who is cohabitating with or has cohabitated with the victim as a spouse or intimate partner,
D. a person similarly situated to a spouse of the victim under the domestic or family violence laws of the jurisdiction receiving grant monies [under VAWA], or
E. any other person against an adult or youth victim who is protected from that person's acts under the domestic or family violence laws of the jurisdiction.

DATING VIOLENCE
Dating violence means violence committed by a person:
A. who is or has been in a social relationship of a romantic or intimate nature with the victim; and
B. where the existence of such a relationship shall be determined based on the consideration of the following factors:
   a. The length of the relationship
   b. The type of relationship; and
   c. The frequency of interaction between the persons involved in the relationship.”

STALKING
Stalking means engaging in a course of conduct directed at a specific person that would cause a reasonable person:
A. fear for his or her safety or the safety; or
B. suffer substantial emotional distress.

**HATE CRIMES**

Note: None of the crimes reported for this reporting period were classified as a hate crime.
FIRE LOG AND ANNUAL DISCLOSURE REQUIREMENT

Under federal law, MSU is required to disclose statistical data on all fires that occur in on-campus student housing facilities. That information, along with other required information related to fire safety and prevention policies is contained herein.

Additionally, MSU maintains a daily fire log that provides the date reported, nature, date and time the fire occurred, and general location of each fire. This log is available for review at the MSUPD.

The Meridian campus does not have on-campus housing and so no fire report is required under federal law.

REPORTING A FIRE INCIDENT

Fire emergencies should be reported to 911. If you are unsure if MSU is aware of an extinguished fire in on-campus student housing, please contact one of the following non-emergency numbers:

Mississippi State University Police Department  
(662) 325-2121

The Department of Housing and Residence Life  
(662) 325-3555

The Office of the Dean of Students  
(662) 325-3611

When calling, please provide as much information as possible about the location, date, time, and cause of the fire.

DURING AN EMERGENCY - DIAL 911

To report that a non-emergency fire has occurred on campus, contact the MSU Police Department, 662-325-2121.

In accordance with the requirement of the Higher Education Opportunity Act (HEOA), institutions maintaining on-campus student housing facilities must publish an annual fire safety report containing information about campus fire safety as well as policies and standards related to its institution. Mississippi State University maintains fire suppression and detection equipment in residence halls as required by the State of Mississippi, and local fire regulations. This consists of smoke detectors, pull stations, horn and strobe units, sprinkler systems, and automatic notification equipment that alerts the fire department immediately upon alarm activation. Mississippi State University’s Police Department officers are trained to assist the Starkville Fire Department in building evacuations during fire drills, fire alarms, or other emergencies.

The Mississippi State University Police Department is a student-centered team of caring professionals and a full-service police agency that is available 24 hours a day throughout the year. Their mission is to assist in enhancing the total educational development of students, to provide law enforcement services for the university community, and to promote the development of healthy lifestyles. The MSUPD is comprised of professional commissioned police officers and support staff. Officers are authorized to carry firearms and to enforce laws and make arrests on university property and adjacent roadways. MSUPD works closely with the Starkville Police Department, Oktibbeha County Sheriff’s Office, and the Mississippi Highway Patrol to enhance the safety and security of members of the university community and the surrounding area. The department also works closely with the Dean of Students and the Department of Housing and Residence Life in enforcing the Student Code of Conduct. MSUPD is a part of the Division of Student Affairs and reports to the Dean of Students' office. You may learn more about the University Police Department by calling 662-325-2121 or visiting police.msstate.edu/.

Fire protection services are provided to MSU by the Starkville, MS Fire Department. The fire department’s Fire Marshal Division currently has two fire inspectors and five fire investigators. Within the City of Starkville, the Fire Marshal Division is responsible for code enforcement, fire inspection, pre-planning, fire investigations, open burning, and assisting the Fire Chief and other departmental personnel in an advisory or support capacity. This division also has the additional responsibility of inspecting residence halls, sororities, and fraternities on the campus of Mississippi State University. You may learn more about the Starkville Fire Department by visiting cityofstarkville.org/sfd.
Responsibilities of the Starkville Fire Department’s Public Education and Inspection Division include scheduling all training and educational programs, maintaining the department’s fire prevention program, assisting in the investigation of all working fires, coordinating all workshops for teachers, and assisting the Fire Chief and other departmental personnel in an advisory or support capacity. The division is responsible for code enforcement, fire inspection, pre-planning, fire investigations, and open burning. The division has the additional responsibility of aiding the Fire Marshal Division with the inspection of residence halls, sororities, and fraternities on the campus of Mississippi State University. You may learn more about the Starkville Fire Department by visiting cityofstarkville.org/sfd.

Higher Education Opportunity Act Definitions

**Cause of fire** — The factor or factors that give rise to a fire. The causal factor may be, but is not limited to, the result of an intentional or unintentional action, mechanical failure, or act of nature (34 C.F.R. 668.49 (a)).

**Fire** — Any instance of open flame or other burning in a place not intended to contain the burning or in an uncontrolled manner (34 C.F.R. 668.49 (a)).

**Fire drill** — A supervised practice of a mandatory evacuation of a building for a fire. (34 C.F.R. 668.49 (a)).

**Fire log** — (1) An institution that maintains on-campus student housing facilities must maintain a written, easily understood fire log that records, by the date that the fire was reported, any fire that occurred in an on-campus student housing facility. This log must include the nature, date, time, and general location of each fire. (2) An institution must make an entry or an addition to an entry to the log within two business days, as defined under §668.46(a), of the receipt of the information. (3) An institution must make the fire log for the most recent 60-day period open to public inspection during normal business hours. The institution must make any portion of the log older than 60 days available within two business days of a request for public inspection. (4) An institution must make an annual report to the campus community on the fires recorded in the fire log. This requirement may be satisfied by the annual fire safety report described in paragraph (b) of this section (34 C.F.R. 668.49 (d)).

**Fire-related death** — Any instance in which a person— (1) Is killed as a result of a fire, including death resulting from a natural or accidental cause while involved in fire control, attempting rescue, or escaping from the dangers of a fire; or (2) Dies within one year of injuries sustained as a result of the fire (34 C.F.R.668.49 (a)).

**Fire-related injury** — Any instance in which a person is injured as a result of a fire, including an injury sustained from a natural or accidental cause, while involved in fire control, attempting rescue, or escaping from the dangers of the fire. The term “person” may include students, employees, visitors, firefighters, or any other individuals (34 C.F.R. 668.49 (a)).

**Fire safety system** — Any mechanism or system related to the detection of a fire, the warning resulting from a fire, or the control of a fire. This may include sprinkler systems or other fire extinguishing systems; fire detection devices; stand-alone smoke alarms; devices that alert one to the presence of a fire, such as horns, bells, or strobe lights; smoke-control and reduction mechanisms; and fire doors and walls that reduce the spread of a fire (34 C.F.R. 668.49 (a)).

**Fire statistics** — (1) An institution must report statistics for each on-campus student housing facility, for the three most recent calendar years for which data are available, concerning— (i) The number of fires and the cause of each fire; (ii) The number of persons who received fire-related injuries that resulted in treatment at a medical facility, including at an on-campus health center; (iii) The number of deaths related to a fire; and (iv) The value of property damage caused by a fire. (2) An institution is required to submit a copy of the fire statistics in paragraph (c)(1) of this section to the Secretary on an annual basis (34 C.F.R. 668.49 (c)).

**Value of property damage** — The estimated value of the loss of the structure and contents, in terms of the cost of replacement in like kind and quantity. This estimate should include contents damaged by fire and related damages caused by smoke, water, and overhaul; however, it does not include indirect loss, such as business interruption (34 C.F.R. 668.49 (a)).
Health and Safety Inspections
Mississippi State University takes an active role in fire prevention. This is accomplished in many ways and requires the collaborative efforts of individuals and departments across the campus community along with partnering agencies such as the Starkville Fire Department and Fire Marshal Division.

Residence Life staff members conduct health and safety checks during the fall and spring semesters in every residence hall, which focus on fire and electrical safety. This initiative helps to provide the best opportunity to ensure our community is adequately mitigated and protected in the event of a fire.

Health and safety inspections allow the Department of Housing and Residence Life to monitor and maintain its buildings for compliance with the Mississippi Fire Code, local ordinances, MSU policies, and national standards promulgated by the National Fire Protection Association (NFPA).

During inspections, compliance is promoted by notating deficiencies, assigning corrective actions, highlighting positive efforts, and developing and enhancing relationships with residents and the Residence Life staff. During the inspection process, follow-up inspections and communications ensure that issues are addressed in a timely and collaborative manner.

Fire Drills
Two fire drills are planned each academic year (2016-2017). A minimum of one fire drill will be scheduled during the fall and spring semesters, at a time when the majority of students are in their rooms. Scheduling will be coordinated by the Associate Director for Residence Life, Starkville Fire Department, and Housing and Residence Life Staff. Fire safety systems and fire drills work together to promote the safety and wellness of our students, faculty, staff, and visitors on-campus.

Fire drills, conducted at least once a semester in residence halls, educate and empower our students, faculty, staff, and visitors with the familiarization required to evacuate in the event of an actual fire on campus. These drills highlight exit locations, stairwell access, protective actions, and safe areas of refuge away from the impacted building. At the
beginning of every semester, Residence Directors, Area Coordinators and Resident Advisers are required to attend training that includes information about their duties and responsibilities during fire alarms and fire drills.

**Fire Safety - Evacuation**

Each year during RA Training, we educate our new and returning Resident Adviser about fire safety. Training includes procedures for RAs during a drill or actual fire, roles of the RA On Duty during fire drills or actual fires, how to evacuate residents from the buildings and where they should go after they evacuate, and how to reset pull stations and the alarm panel. Practice sessions are also conducted during training to ensure RAs are familiar with their residence hall and are efficiently performing their duties as it relates to fire safety.

Each residence hall has an evacuation plan for use in the event of a fire. The Resident Adviser for each living unit will be able to instruct residents about the predetermined plan for evacuation.

All residents must immediately evacuate the building whenever the fire alarm sounds.

Tampering with or misuse of fire safety equipment is prohibited. Fire safety equipment includes, but is not limited to, fire alarms, smoke detectors, and fire extinguishers. Anyone found vandalizing or using fire safety equipment for any purpose other than safety could be subject to suspension from the university pending an administrative hearing, which could include losing the privilege to live in university housing, as well as criminal prosecution. The Department of Housing and Residence Life will prosecute to the fullest extent of the law where fire, safety, and security are concerned.

Food left cooking and unattended is considered a fire hazard, and disciplinary action may be taken.

**Fire Safety and Education**

Housing and Residence Life staff and Residence Directors will ensure that all residents are informed of fire procedures during the start of the fall semester, usually at mandatory floor and hall meetings. Residence Directors and Resident advisers receive a review of fire procedures at the beginning of each new academic school year by Housing and Residence Life staff. Faculty/staff are reminded on an annual basis to review the fire procedures made available on the campus safety website. Specialized training is provided as necessary.

**Future Improvements in Fire Safety**

Mississippi State University is involved in an on-going evaluation of its residence halls and buildings to ensure that we have safe conditions and that upgrades are made as necessary. The Starkville Fire Department is also active in conducting comprehensive fire inspections of all campus buildings. All residence halls are currently equipped with sprinkler systems.

**FIRE SAFETY POLICIES AND PROCEDURES**

**Fire Safety Policies**

The overall policy for student conduct and behavior is the Code of Student Conduct. All policies relating to students can be found at http://www.msstate.edu/web/security/student_policies.html.

All Housing and Residence Life specific rules and regulations can be found at http://www.housing.msstate.edu/current/rules/

**Fire Hazard Prohibited Items in Residence Halls**

The following items are prohibited in the residence halls and apartments: personally-owned air conditioners; washers and dryers; dishwashers; microwave ovens; extra refrigerators; freezers; exterior aerials; antennae/satellite dishes; firearms, ammunition, other forms of weapons, fire crackers, other explosives, or flammable liquids, such as propane, gasoline, or kerosene; alcohol; unlawful-to-possess controlled substances; open-coiled appliances such as toasters, toaster ovens, hotplates, electric grills with exposed coils, etc., or space heaters; halogen lights or lamps, tubular party lights, rope lights, or Christmas lights, candles or incense; cinder blocks; darts and dart boards; air-guns, air-rifles, paintball guns, paintball rifles and paintballs; motorcycles; and hoverboards.

Smoking is prohibited in all residence halls and on campus. Mississippi State University is a smoke-free campus as of Fall 2016.

Sanctions for possession and/or use of any prohibited item may include, but are not limited to, restitution for any and all damages to university property or the property of students or guests. Additional conduct and/or legal sanctions may apply.

**Electrical Safety**

Students should use multiple outlet adapters with surge protectors to connect more than one appliance; however, any student found to be overloading the circuit will be required to reduce usage. Extension cords should not be placed under carpets or wrapped around pipes in rooms.
FIRE SAFETY 101

In Case of Fire
The most important tool to remember in case of fire is to stay calm and know your exits.

If You Hear A Fire Alarm
- Immediately evacuate the building via the shortest and safest route.
- Do not use elevators.
- If you notice smoke, use the alternative escape route.
- As you leave the building, knock on doors and yell “fire.”
- Do not hesitate or stray from your path as you leave.
- Do not stop or go back for belongings.
- Test doors with the back of your hand before opening them. If the door is warm or if you notice smoke, use an alternative escape route. Check paths for safety before proceeding and close doors behind you.
- Crawl low if you have to go through smoke.
- Go to a safe area or to a pre-assigned exterior area for your building if you suspect that someone is missing or trapped, contact the emergency personnel outside the building.
- If you are trapped during a fire emergency, close all doors between you and the fire and stuff cracks around the doors to keep out smoke. Wait at a safe window and signal/call for help. If there is a phone in the room, call 911 and tell them exactly where you are.
- Stop, drop and roll if your clothing catches fire.

If You Discover A Fire
- Leave the fire area and close the door to the area.
- Sound the fire alarm.
- Immediately evacuate the building via the shortest and safest route.
- Proper use of fire extinguishers within extinguisher limits and by trained individuals is optional but should not be attempted until building alarm is activated and people are evacuated.

Once You Have Evacuated
- From the nearest phone in the safe area, call 911.
- If you suspect that someone is missing or trapped, contact emergency personnel on scene such as the Fire Department, Police Department or EMT’s.
- Await emergency response personnel at a safe location and direct them to the scene. Report the fire to the hall office or the nearest available resident adviser. Do not re-enter the building until instructed to do so by the fire department.
- Follow directions of fire and police personnel.
- Report to the person who is taking roll.
- Never re-enter the building to save your personal belongings.
- Stay calm.

Mississippi State University contracts with the State of Mississippi Fire Marshall to inspect Greek houses, which they do every August and January. Each house’s house corporation, which owns and operates the house, has a contract with a private company to maintain the alarm system, sprinkler system, and fire extinguishers which is required by their insurance companies.
